The thought has occurred that possibly the Bureau would be interested in the progress made and the goals achieved by this office in the economy of operations during the 1958 fiscal year ending 6/30/58. The following data set out is based upon the records available in this office and the figures used have been "rounded off" to the closest numeral. The percentages of reduction shown are for the 1958 fiscal year as compared to the 1957 fiscal year except where otherwise indicated by an asterisk. Where so indicated, the figures for the 1957 fiscal year used for comparison purposes have been obtained by taking the figures the Bureau furnished this office for the first seven months of that fiscal year and projecting them to a twelve months period.

The following has been accomplished despite an increase of 27% in pending investigative matters and an increase of 6% in the number of Agents assigned to this office for the 1958 fiscal year as compared to the 1957 fiscal year:

1. \* Communication costs have been reduced 14%.
2. \* Travel costs have been reduced 5%.
3. \* Per diem has been reduced 16%.
4. Radio repair under contract has been reduced 81%.
5. Technical equipment repair has been reduced 91%.
6. Bureau Cars
  - a) Auto repairs have been reduced 39%.
  - b) The cost per mile of operating Bureau cars in this field division has decreased from .057, for the fiscal year 1957, which figure was very favorable to the Bureau-wide average costs for that fiscal year, to the figure of .052 for the 1958 fiscal year. This has been accomplished despite the fact there has been an increase in costs of gasoline, oil, etc.

BU

The standard fee for auto repairs in this city is reported to be equal to the highest of any place in the nation including New York City, the standard fee charged being \$5.00 per hour for the average mechanic in the average garage. This area is adversely affected by severe winters that further run up the costs of operation of cars. The figure of .052 for the 1958 fiscal year will undoubtedly compare very favorably with the field average and is nearly 9% below our cost per mile for the previous fiscal year.

There are certain other similar type accomplishments that have also been obtained but are not being listed in the interest of brevity. The above accomplishments have been obtained by a general tightening of supervision pertaining to all phases of the operation of this office and through the wholehearted support and cooperation of the personnel.

Should the Bureau feel that the above accomplishments pertaining to economy of operations is worthy of commendation, upon receipt such letter will be placed on the Bulletin Board and the subject matter will be discussed at the next Agents' and Clerical Conferences. Copies of such a letter would be placed in the personnel files of the key personnel responsible for these accomplishments. This will act as an incentive to continued operation of this field division with a minimum of expenditures consistent with good operating procedures. It will also further impress upon the personnel the vital concern of the Bureau in this matter.

Mr. Wesley G. Grapp  
Federal Bureau of Investigation  
Buffalo, New York

Dear Mr. Grapp:

I am taking this means to express my sincere appreciation to the personnel of the Buffalo Office for the excellent progress made in the reduction in operating costs during the fiscal year, 1958.

The outstanding accomplishments in the economy of our operations can be ascribed to the wholehearted support and cooperation of the entire personnel. It is evident that each employee was aware of the need for such economy and carried out his duties with this in mind. Please convey my thanks to all for their fine efforts.

Sincerely yours,  
J. Edgar Hoover

Dear Mr. Grapp:

Your headquarters are changed from **Buffalo, New York,** to **Oklahoma City, Oklahoma, as Special Agent in Charge,** effective upon your arrival there on or after this date. This change is made for official reasons and you will be allowed transportation expenses and per diem at the rate of \$12.00 per day within the U. S., \$6.00 per day for air travel, rail travel, and ocean travel by steamship outside the continental limits of the U.S., transportation expenses for your immediate family, and transportation cost of household goods and personal effects as provided for in Public Law 600 dated August 2, 1946, and Executive Order 9805, dated November 25, 1946, as amended. You are authorized to use your privately owned automobile and you will be reimbursed at the rate of ten cents per mile plus incidental expenses, not to exceed the cost by common carrier over the most direct route for all persons officially traveling therein. Should your dependents travel separate and apart from you, expenses will be allowed under the same conditions as above. **You should report to Washington, D. C., for conferences en route transfer. Expedite departure and advise within 48 hours departure date and arrival date.**

Very truly yours,

In view of the resignation of SAC Carroll Doyle at Oklahoma City, it will be necessary to replace him and it is therefore recommended:

(1) That SAC Wesley G. Grapp be transferred to Oklahoma City as SAC with no change in grade or salary.

SAC Grapp is presently in charge of the Buffalo Office, entered on duty 11/4/46, is in GS-15, \$13,070 per annum, 39 years of age, born in Aberdeen, South Dakota, married with three children, and has a Bachelor of Laws Degree. He served as ASAC in three offices and was SAC in Richmond from February, 1956, until March, 1957, when he assumed his present duties as SAC at Buffalo. His physical examination in June, 1958, reflected his height as 6 feet 1 inch, weight 190 pounds, large frame, within desirable limits. The Director saw him on 1/7/58 and stated he made an excellent personal appearance, seemed to have vigor and initiative, and the Director would rate him above average. In February, 1958, the Inspector stated he is intelligent, capable, knows Bureau regulations, and is strict in the supervision of personnel. He stated that Grapp meets problems head-on but was inclined to rely too much on relief supervisors to handle routine work and he was censured for this on 2/27/58. He has been commended on a number of occasions, the latest being on 7/23/58 for the excellent progress made by the Buffalo Office in the reduction in operating costs.

## FBI Shifts Grapp To Oklahoma

Wesley G. Grapp, special agent in charge of the FBI office here since March 29, 1957, has been transferred to the Oklahoma City office. As special agent in charge there, he will supervise FBI investigations throughout the state.

Grapp will leave the Buffalo office next Tuesday and is scheduled to assume his new duties immediately.

Succeeded Roche

A 12½-year veteran of FBI service, Grapp succeeded John A. Roche here. It will not be his first experience in Oklahoma City. He served there as assistant special agent in charge from April 1952 to June 1953.

Grapp's successor here will be John Edwards, an assistant special agent in charge of the New York City FBI office. He is due to arrive here next week.

During Grapp's administration here, he supervised a number of major criminal investigations. They included the arrest of Larry Gunning, wanted in California for a \$100,000 fur and jewelry robbery; the successful prosecution of Arthur Fromen, charged with a \$59,000 check-killing scheme; the conviction of the Coppola gang on bank robbery charges and investigation

Wesley G. Grapp

of the theft of \$100,000 worth of jewel-studded watches from Werner Sohn, New York City jewelry salesman, en route here aboard a flight from Cleveland.

Extended Cooperation

The special agent in charge also widened the program of FBI cooperation with local police agencies begun by Roche.

The FBI office here was recently commended by the New York Sheriffs Assn. for conducting police classes which were attended by a record number.

This is to recommend approval of one of the four incentive award recommendations made by the Buffalo Office in connection with investigation resulting in solution of \$102,000 jewel theft occurring in Beverly Hills, California, 6/11/58.

// On 6/11/58, armed robbers entered the mansion of Samuel Hayden and stole jewelry and other valuables worth \$102,000. A Beverly Hills police informant identified [redacted] as being in possession of this loot on 6/12/58. Los Angeles police records revealed this name to be an alias of subject [redacted]. It was thereafter established that he may have been enroute to Buffalo, New York, to visit a relative and appropriate leads were set out by Los Angeles.

b6  
b7C

On Saturday, 6/14/58, Special Agent in Charge (SAC) Grapp, Buffalo, during a conference with Agents of the Buffalo Office initiated a check of hotels, motels and automobile rental agencies in an effort to locate record of [redacted] since he was known to have flown east from Los Angeles. As a result, a registration was located for [redacted] in a Buffalo hotel. Further, Special Agent (SA) Robert T. Cryan located a car rental for [redacted] on 6/13/58 and the license number was broadcast to all Agents on the investigation. At approximately 4:00 p.m., 6/14/58, SA Edward J. Craig sighted the car on Buffalo streets. "A fraction of a second later" the same car was recognized by SA Elmer F. Moulin, Jr., who with SA R. Gordon Eddy was riding with SA Craig. Surveillance was attempted but the subject made efforts to flee. SA Craig forced subject's car to the curb at which time Agents identified themselves and invited subject to the office where he was interviewed by SAs Eddy and Cryan, thereafter admitted involvement and signed waivers of search enabling Agents to recover four suitcases of loot at the Buffalo airport and in his hotel room.

b6  
b7C

It is to be noted that prior to subject's location, it was not possible to obtain warrants because subject could not be identified by the victims of the robbery.

Memorandum to Mr. Rosen

RECOMMENDATIONS OF SAC, BUFFALO:

1. SAC, Buffalo, recommends a \$200 incentive award for SA Edward J. Craig who initially observed [ ] car and who was successful in forcing the car to the curb without damage to Bureau property, thus preventing [ ] escape which would have automatically resulted in further investigation to locate him as well as the stolen property.

b6  
b7C

2. SAC, Buffalo, recommends an incentive award, no amount specified, for SA Elmer F. Moulin, Jr., who observed subject's car "a fraction of a second following SA Craig's identification" and who was first to reach [ ] and in a polite and authoritative manner was able to dispel any inclination for attack of Agents on the part of [ ] it being noted [ ] has a background of violence and terror.

b6  
b7C

3. SAC, Buffalo, recommends a \$200 incentive award for SA Robert T. Cryan for his location of rental agreement for car which enabled Bureau Agents to locate subject and for SA Cryan's display of ingenuity and knowledge of human nature displayed during interview of [ ] in the company of SA Eddy which resulted in the subject confessing his part in the crime and the recovery of the stolen property.

b6  
b7C

4. SAC, Buffalo, recommends a \$200 incentive award for SA R. Gordon Eddy who played an outstanding part in the investigation through skillful interview of subject. SAC points out that SA Eddy has excellent knowledge of human nature and the art of gaining confidence of experienced criminals such as this individual and was thereby able to obtain a written confession.

5. SAC, Buffalo, recommends that a letter of commendation be sent to the Buffalo Office so that copies may be placed in personnel files of other Agents and Assistant Special Agent in Charge who participated in the investigation.

RECOMMENDATIONS OF INVESTIGATIVE DIVISION:

1. It is noted that numerous Agents were covering leads for the purpose of locating a hotel record or an automobile rental record for the subject. After this was located, it was SA Craig's alertness and skillful handling of the Bureau automobile which resulted in [ ] apprehension without damage to property or without any undue incident. In view of the fact the successful conclusion of the case was precipitated by SA Craig's alertness and skill in curbing the subject, it was recommended that an incentive award, in an amount to be determine by the Administrative Division, be awarded to him.

b6  
b7C

2. While the assistance of SAs Elmer F. Moulin, Jr., R. Gordon Eddy and Robert T. Cryan also contributed greatly to the solution of this case, it is not believed their contribution warrants an incentive award. It is recommended that letters of commendation be directed to these Agents.

3. It is recommended that a general letter be directed to SAC Grapp commending him and other Agents who participated, for the excellent results obtained in this case so that copies may be placed in personnel files of other Agents who participated.

ADDENDUM OF ADMINISTRATIVE DIVISION:

CRD:ms

7/1/58

This case was one of major significance and its solution was precipitated by the unusual alertness and decisive action of SA Edward J. Craig of the Buffalo Office in observing [ ] car and forcing it to the curb without damage to Bureau property. The performance of the other agents recommended by SAC, Buffalo, for incentive awards contributed materially to the successful outcome; however, it is felt that SA Craig is deserving of the major credit for the solution of this case. Accordingly, it is being recommended that he alone be approved for an incentive award and that the others be commended.

According to the approved table used in determining amounts of awards to be given, SA Craig's performance is of moderate value and broad application, entitling him to an award of from \$150 to \$300.

BUREAU RECORD:

SA Edward J. Craig EOD as SA 7/29/57 and is in grade GS-10, \$7255. He has received no commendations and no censures. His services have been entirely satisfactory. 1958 annual performance rating, Excellent.

RECOMMENDATIONS:

1. That SA Edward J. Craig be approved for incentive award of \$150 for his outstanding alertness and decisive action resulting in the location, identification, and apprehension of [ ] (Amount in line with amounts of awards approved for similar performances in the past.)

Dear Mr. Hoover,

I feel I shall be most remiss in my obligation as a good citizen -- and appreciative editor -- if I did not express to you my personal and this paper's esteem for Wesley Grapp, agent in charge of the Buffalo office.

We regret to see him leave Buffalo for his new post in Oklahoma City but, of course, do not question the policy or practice which brings about his departure.

Actually, this letter is one of belated congratulation to you and the FBI for having so fine a representative as Mr. Grapp. We shall dislike seeing him leave but do wish him, and you, the best of all things.

## FBI Chief Is Appointed

Wesley G. Grapp, special agent in charge of the federal bureau of investigation's Buffalo, N. Y., office, will arrive here next week to replace Carroll Doyle, recently resigned.

Grapp is a veteran of nearly 13 years with the FBI and served as assistant special agent in charge here in 1952 and 1953.

Doyle resigned last week to enter private business. He had served in the Oklahoma City post since last February when he was transferred here from San Juan, Puerto Rico.

Doyle had replaced D. A. "Jelly" Bryce who retired to become an independent candidate for governor.

MEMORANDUM FOR MR. TOLSON

On September 18, 1958, I saw Special Agent in Charge Wesley G. Grapp of the Buffalo Field Division, who is under orders of transfer to Oklahoma City as Special Agent in Charge. Mr. Grapp makes an excellent personal appearance, seems to be enthusiastic about his work and about his new assignment, and I would rate him above average.

I pointed out to Mr. Grapp some of the problems which have confronted us in the administration of the Oklahoma City Office and that he was faced with a real challenge in taking hold in view of the unsatisfactory administration by former Special Agent in Charge Doyle. I also called Mr. Grapp's attention to what was obviously bad morale, bad discipline, and an over-all bad attitude on the part of the personnel of the Oklahoma City Office as evidenced by the anonymous letters we have received.

I pointed out that while the total number of personnel was less at Oklahoma City than he supervised at Buffalo, the problems would be far more difficult and certainly at the outset it was necessary for him to proceed with a firm hand but at the same time be fair.

I discussed with him the fact there were a number of classes of cases exceeding 15% in delinquency and that this should be corrected.

I noted that the accomplishments of the Oklahoma City Office were down in comparing the first two months of the current fiscal year with a similar period of the previous fiscal year in that the convictions were down 25%; fines, savings, and recoveries were down 66%; and automobiles recovered were down 11% while the cost of operations was up 25%, and this was a most unhealthy trend to have and he should give immediate attention to increasing the production.

I pointed out it had been necessary in 23 instances to take administrative action against personnel of the Oklahoma City Office during the last six months and this was certainly grossly excessive for an office the size of Oklahoma City and showed bad morale, bad discipline, and failure to measure up to individual responsibilities.

**Memorandum for Mr. Tolson**

**September 25, 1958**

I discussed with Mr. Grapp the activities of former Special Agent in Charge Bryce, pointing out that while our relations with him were cordial, it had been definitely established the personnel of the Oklahoma City Office seemed to have a fierce loyalty for Mr. Bryce and less loyalty for the FBI as an organization and for performing their duties properly. I stated he should keep this definitely in mind.

I also called his attention to the fact there are three unsolved bank robberies in the Oklahoma City Office and these should be given prompt attention.

I also discussed with Mr. Grapp the problem concerning Resident Agents and the difficulty we have had with the same in Oklahoma and he should make certain very promptly that the men now assigned as Resident Agents are dedicated men and that in the future, men should not be so assigned until they are carefully screened as to whether they will measure up to the responsibilities Resident Agents must face.

Very truly yours,

**John Edgar Hoover

By memo to you dated 8/29/58

[redacted] advised that the captioned Committee plans to hold area conferences with the heads of various Federal field establishments in Indianapolis on 10/22/58, in Kansas City on 10/23/58 and in Oklahoma City on 10/24/58. The Committee has requested that a representative from the FBI in each of the three cities be in attendance. [redacted] would like the names of our designees so that he can inform the Committee.

Wesley G. Grapp

The Committee has held similar conferences in other parts of the country and we have had SACs attend them. The conferences are designed merely to explain the President's policy and program with respect to nondiscrimination in Government employment and the conferees have not been required to furnish any information concerning the employment practices of their respective agencies. It is believed we should have representatives in the cities named attend. Ordinarily SACs are designated; however, SAC Powers, Indianapolis, attended the conference in New York in May, 1958 when he was SAC there and there appears to be no advantage in having him attend again. Accordingly, it is believed the ASAC should attend in Indianapolis with SACs in attendance in other cities. SACs are usually briefed concerning the conferences by telephone. This will be followed as regards Indianapolis and Kansas City. Since SAC Wesley G. Grapp, newly designated SAC at Oklahoma City, will be stopping at SOG enroute to his new assignment from Buffalo, he will be briefed at that time. The SACs will be instructed to keep the Bureau advised of developments.

As a matter of interest to the SACs in Boston and New York who attended such conferences in May, 1958, we forwarded by routing slip to them copies of agenda and summaries of previous conferences along with the names of the Committee's members and it is believed it would be of interest to the SACs in the cities mentioned above that we follow this procedure in this case.

Dear Mr. Grapp:

We question no move made by the Federal Bureau of Investigation. However, speaking for myself and my department, we regret very much your transfer to Oklahoma City. During the twenty-one years of my experience in the office of the Sheriff of Wyoming County, there never has been a more pleasant and helpful association between this office and the Federal Bureau of Investigation. This was brought about by your efforts and ability.

We realize that our loss is a good gain for the Oklahoma territory. With best wishes to you and your family.

**PERSONAL ATTENTION**

Mr. Wesley G. Grapp  
Federal Bureau of Investigation  
Washington, D. C.

Dear Mr. Grapp:

The recent inspection of the Oklahoma City Office revealed such deplorable conditions that it was necessary for me to ask for the resignation of your predecessor.

Agents of the Oklahoma City Office conducted a most unsatisfactory investigation of the case entitled, "[redacted] et al; Mannford State Bank, Mannford, Oklahoma, 3/18/58; Bank Robbery." Subject [redacted] was interviewed negatively by Agents of the Oklahoma City Office on March 24, 1958, and thereafter, on the same day, confessed the bank robbery to the Tulsa County Sheriff's Office. Other Agents conducted a search of [redacted] residence without finding the bank robbery loot. This money was hidden in the dirt-crawl space under [redacted] House and was subsequently turned over to the Tulsa County Sheriff's Office by one of the subjects. The investigative report written in this case failed to reflect that a negative search had ever been made of the house by Bureau Agents. Employees assigned to the Oklahoma City Office subsequently advised that the negative search was purposely left out of the report in order to avoid possible administrative action by the Bureau.

b6  
b7c

In another instance, a police officer was invited to participate in a strictly Bureau case. When the Bureau asked for explanation, advice was received from the Oklahoma City Office that the officer accidentally appeared on the scene. Employees who participated in this case subsequently advised the Inspector that this story was fabricated in order to avoid any possible administrative action by the Bureau.

Such perfunctory, lackadaisical and unimaginative investigation as was conducted in the Mannford Bank Robbery case will absolutely not be tolerated by the Bureau. Dishonesty in reporting information to the Bureau is, of course, most reprehensible. It was also necessary to take drastic administrative

**Mr. Weasley G. Grapp**

action against a number of employees in the Oklahoma City Office because they advised they knew the Bureau was being furnished false information and did not have the courage and loyalty to report this misconduct to the Bureau.

Two other Agents of the Oklahoma City Office were guilty of consuming intoxicants while in a duty status on an extortion plant. Such lack of judgment is absolutely incredible. It is equally incredible that three other Agents who were aware of this drinking activity did not bring this matter to the Bureau's attention.

In the same extortion case handled by the Oklahoma City Office [redacted] at the last minute refused to furnish important information which, in all probability, would have enabled us to capture the extortioner. [redacted]

b7D  
b7E

Certain clerical employees of the Oklahoma City Office were likewise performing their duties in a most incompetent manner. One Security Patrol Clerk was hiding serials he did not finish filing so the Chief Clerk would not be aware of the true status of his work. Another clerk, who did not want the Chief Clerk to know the true status of his work, was causing serials to be reprocessed, thereby creating extra clerical work. During the inspection it was determined that the Administrative Clerk was not processing invoices promptly and knowingly caused the Bureau to be furnished erroneous information concerning the status of outstanding invoices. Such deceit on the part of Bureau employees is inconceivable and most certainly is not in keeping with the traditions of the service.

The Chief Clerk was seriously at fault in not exercising proper supervisory control of subordinate clerical employees. The Chief Clerk's

**Mr. Wesley G. Grapp**

Office generally left much to be desired. An above-average number of errors were found in the assignment card box, card index system, and on the serializing desk of the Chief Clerk's Office. Consolidation of closed files is seven months delinquent and destruction of duplicate serials in certain closed files is three months delinquent. Labels on Addressograph plate drawers were found to be dirty. Closed file drawers were not properly labelled and were not in a neat condition. There must be an immediate and substantial effort to improve operations in the Chief Clerk's Office.

Substantive and form errors detected during the inspection were far above the field average. I expect you to take the necessary steps to reduce such errors to an absolute minimum.

It was also determined that the former Special Agent in Charge ordered reports typed on the first of the month back-dated to the last day of the previous month in order to reduce the office delinquency on the monthly administrative report. Letters and reports were also being back-dated after deadlines missed to reflect that the deadlines were made. These practices obviously are most undesirable in that the Bureau is given an inaccurate picture of existing conditions. You must make sure that the practice of back-dating is completely eliminated in the Oklahoma City Office.

Stenographic delinquency occurring during the month was not being reported to the Bureau. Though there is no stenographic delinquency at the end of the month, even minor stenographic delinquency occurring during the month must be reported to the Bureau.

Agents in the Oklahoma City Office have been rough-drafting extensively during and after working hours. This is an undesirable procedure in that it wastes Agents' investigative time. By properly administering, coordinating, and supervising the work of Agents and stenographers, you definitely should be able to eliminate this practice. It is poor administration to have a Grade 10 to 13 Agent, who is not trained as a typist, take twice as long to rough-draft material as it would take to dictate and have the same transcribed by a Grade 4 stenographer.

I am very concerned about the excessive number of errors detected in the various registers, daily reports, and Number Three (Locator) Cards maintained in the Oklahoma City Office. You must take the necessary steps to insure that employees execute these registers accurately in the future.

**Mr. Wesley G. Grapp**

The safe of the Special Agent in Charge was not being inventoried monthly as required, and the inventory itself was incomplete. You must make sure that these matters are handled in accordance with existing instructions.

The former Special Agent in Charge was also utilizing relief supervisors while he was in the office. This, of course, is definitely contrary to the Bureau's desires. It is expected that you will utilize relief supervisors only when you are out of the office.

Lighting in stenographers' and Agents' rooms is below minimum desirable candle power. You must continue efforts to obtain proper lighting through the building management or the General Services Administration.

Statistical accomplishments for the first month of the current fiscal year, compared with a similar period last year, reflect decreases in convictions and fines, savings and recoveries. The importance of high accomplishments cannot be overemphasized, and it is expected that you will make every effort to exceed last year's accomplishments in all categories.

Approved and potential criminal informants have increased since the last inspection; however, there is no approved criminal informant coverage in the Miami, Oklahoma, Resident Agency. Appropriate action must be taken to secure this coverage. The number of approved and potential criminal informants in headquarters city is low compared with the number of informants in resident agencies. Increased effort must be given to this vital program in headquarters city. All Agents assigned criminal work who do not have an approved criminal informant must receive close supervision and guidance to assure they promptly develop approved informants.

The over-all Security and Security Informant Programs appear to be intelligently planned and effectively executed, providing excellent coverage. Every effort must be made to continue this favorable condition.

An analysis of the Current Developments in Criminal Matters (CRIMDEL) Program in the Oklahoma City Office reflected serious qualitative and quantitative deficiencies. Most of the information being received by the Bureau from Oklahoma City comes from newspaper clippings. It was also noted that there has been very little over-all participation in this program by Agents of the Oklahoma City Office. It is desired that you effectuate an improvement in this program and make certain that all Agents working criminal cases adequately participate.

**Mr. Weasley G. Grapp**

Two anonymous communications were received by me during August, 1958, from employees of the Oklahoma City Office. The sending of anonymous communications is certainly a cowardly and despicable act which reflects adversely on the character of the sender. FBI employees should be above sending anonymous letters. Any employee who has a legitimate complaint should definitely bring same to my attention and there is absolutely no reason why he should not sign his name to such a communication.

In light of all facts developed during the inspection, I can only conclude that certain employees of the Oklahoma City Office were operating with a complete and callous disregard for Bureau instructions. These employees obviously were concerned only with their own selfish interests and not with the best interests of the Bureau. I expect you to operate the Oklahoma City Office in a firm, fair manner. Rigid discipline must be restored and maintained. You should have no hesitancy in recommending severe administrative action against any recalcitrant employees of this office who continue to violate Bureau regulations. You must provide the necessary leadership to bring operations of the Oklahoma City Office up to expected Bureau standards.

The Oklahoma City Office was rated unsatisfactory on investigative, administrative, and personnel matters. Contacts and physical condition and maintenance were rated good.

You and the Assistant Special Agent in Charge should be guided by the inspection findings and the Bureau should be advised in detail as soon as all deficiencies have been corrected.

Sincerely yours,

**John Edgar Hoover**  
Director

NOTE: Based on memorandum Q. Tamm to Mr. Tolson dated 9-15-58 captioned "Inspection - Oklahoma City Division, Inspector James H. Gale, 8/6 - 28/58." JHG:wmj.

Mr. Grapp's letter is addressed to him here in Washington in view of the fact he is due in Washington for conferences on September 18, and it is felt that he should have the benefit of the information in this letter for his conferences. It is believed that the letter, if sent to Buffalo, would not reach him before he departs for Washington. Letter to be delivered to Mr. Grapp by the Administrative Division.

## City's New FBI Chief Arrives

A tall, square shouldered attorney, who did a little boxing while attending college and has hunted "public enemies" around the United States for the past 12 years, has returned to Oklahoma City as this area's chief G-man.

Wesley G. Grapp, 39, a native of Aberdeen, S.D., who served as assistant agent in charge here from April 1952 until June 1953, arrived in Oklahoma City from Boston this week to take charge of the office here. He succeeds Carroll Doyle, who resigned September 3 after serving less than a year in the Oklahoma City post.

Grapp, who has been on the move much of the time since he joined the federal bureau of investigation will be house hunting during the next few days with his wife, Mrs. Carolyn Grapp and their two daughters, Elizabeth and Mary C.

Grapp, who was transferred from Oklahoma City to Kansas City as assistant agent in charge, worked on the famed \$600,000 Greenleaf kidnapping case. He has worked in practically every geographical area of the United States since he joined the FBI. A navy veteran of World War II, Grapp was reared in North Dakota, attended the Northern Teachers college at Aberdeen and the University of North Dakota at Grand Forks, receiving his bachelor of philosophy degree.

He received his law degree from Creighton university at Omaha and is a member of the Nebraska state bar association. He has been admitted to practice before the Nebraska supreme court and the United States supreme court. He joined the FBI in 1946 after leaving the service. He has held FBI posts at the Washington headquarters in Richmond, Va., Los Angeles and Buffalo, N.Y.

## New State FBI Chief Checks In

House hunting in Oklahoma City Tuesday was Wesley G. Grapp, new agent in charge of the Oklahoma federal bureau of investigation office.

Grapp reported for duty here Tuesday replacing Carroll Doyle who resigned to enter private business.

Grapp, a native of Aberdeen, S. D., has been with the FBI since 1946 and has served in various capacities throughout the United States.

He served on the staff of J. Edgar Hoover in Washington and was assistant agent in charge here from April, 1952, to June, 1953. He subsequently served in a similar assignment at Kansas City, Mo.

He next became assistant agent in charge in Los Angeles and later as special agent in charge at Richmond, Va. He was transferred here from Buffalo, N. Y. where he had been special agent in charge since March, 1957.

He is a graduate of Creighton university law school. He was a naval officer in World War II and is a member of the American Legion and the Veterans of Foreign Wars.

His wife and three children, Mary, 11, Elizabeth, 9, and William, 3 months, will join him later.

Dear Mr. Hoover:

Your letter of Nov. 19, 1958, has just been received, in which you advise of my reallocation to pay grade GS-16. It was a most pleasant surprise. I do not want another moment to pass without extending to you sincere appreciation for this pay increase. Something that means more to me is your expression of confidence and satisfaction concerning the performance of my duties.

It is my fond hope that I will continue to merit your approbation, and it is my heartfelt desire to operate this office or any other office to which I may be assigned in a manner which is highly pleasing to you.

It is the fervent hope of millions of law abiding citizens, as well as each of the other members of this great organization, that you continue for many years as the Director of the FBI.

May God grant you the good health and the stamina that are necessary for you to carry on your heavy duties in the years to come.

Sincerely,

RE: SA

Charles K. Grapp  
(type or print plainly)

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Name Charles K. Grapp Relationship WIFE Date 10/31/55  
Address (Same as mine)

The following person is designated as my beneficiary under the Ches. S. Ross Fund providing \$1500 death benefit to beneficiary of agents killed in the line of duty.

Wesley G. Grapp

Dear Mr. Tolson:

*OKlahoma City F.O.S.*

It has been a month ago today since I last wrote you concerning the progress being made in the Okla. City Office. The thought has occurred that you may be interested in current information. It is realized that the Director has an extremely heavy work load and much more serious problems to handle than those involving Okla. City. The following resume is being set out to keep you advised of the progress being made.

On an over-all basis, and taking all factors into consideration, much progress has been made in the past two months in this office. It is sincerely believed that the item of morale has risen from zero to a healthy status. (Because of improved morale and a greater esprit de corps a number of clerks and stenographers, through an intense desire to get this office running smoothly and the work on a current basis, are performing overtime work and are not claiming compensatory leave for some of it. It is strictly voluntary. Each Agent assigned to the headquarters city is working one evening a week on functions that are normally performed by the clerical employees. They have helped to substantially reduce the backlog of work in the Chief Clerk's Office. Further progress will be made during December and January in this regard.

In addition, the Agents have been working one evening a week on improving the physical aspects of this office. Pursuant to the recommendations set out in the recent inspection, we have moved the teletype machine, addressograph, duplicating machine, etc., to the proper locations. Also, there has

WRSK

been a gigantic task of rearranging file cabinets, substituting four drawer for three drawer files, installing new index cabinets, etc. The work performed in this regard to date has run into hundreds of hours. This phase has been completed. At no cost to the Bureau we have been able to get the floor in the front portion of the office, which was expanded shortly before my arrival, completely retiled. I have an oral commitment from GSA that they will install fluorescent lighting in the steno pool in the immediate future and the fixtures have been ordered by them. This is at no cost to the Bureau. The total cost of such fixtures, with the installation, is in the vicinity of \$1600.00 for GSA and the building management.

Our relations with the press and other news media are progressing very satisfactorily, and the Bureau has been advised by separate communication concerning certain phases. I am having lunch this noon with the editor of the Daily Oklahoman, the morning newspaper in Okla. City. I am cultivating his friendship and am sure that we can get cooperation from him. To date there has been no unfavorable publicity since my arrival concerning the FBI or any personnel attached to this office. In addition, this office, has been able to stay out of the recent gubernatorial election. Last week I had a lengthy talk, in connection with another matter, with Governor-elect J. Howard Edmondson, and there is an indication that he can be developed into a personal friend and a supporter of Mr. Hoover and the Bureau.

There has been a substantial reduction in the annual leave and compensatory leave to be taken by the noninvestigative personnel prior to the end of this leave year. Such a backlog had reached over 1400 hours for the clerks and stenos. All compensatory leave, except for a small amount earned within the past few days, has been taken, and that phase of the problem has been eliminated. The annual leave for such employees has been reduced to 695 hours. We have eliminated the delinquency in the steno pool. There is a need for one or two more stenos, plus another clerk for replacement purposes, but these are not being requested at

this time due to the limitations on hiring. The needs of this office have been furnished to the Bureau on a continuing basis, and the assistance received to date is much appreciated.

As you are undoubtedly aware from the administrative report, the delinquency in this office is much too high. It is occasioned by the fact that during the past six months we have had an increase in the case load of approximately 25 %, plus the transfer out of experienced personnel and the transfer in of other Agents. There has been a void or lull in our investigative periods in some instances. We have picked the cases that were the most important and have worked those first. We have let the routine or non-statistical type go until additional Agents arrived. We are now in the process of further training many of the new arrivals, as they have come from big offices where they specialized in certain types of work, such as espionage, security, physical surveillances, etc. The Agents for the most part have excellent backgrounds and a great amount of potential, but it is going to take time and experience for them to operate in a highly efficient manner in a criminal office such as this. They are being afforded the appropriate guidance and supervision.

Many of the Agents who have been assigned to this office for some time, plus a few of the new arrivals, have not had an extended vacation this year and are anticipating taking such over the holidays. Approximately one-half of the Agents needing vacations will have such approved for the week of Christmas and prior thereto, and the other half will have their vacations the week of New Year's and subsequent. The leave year ends Jan. 10th.

We are working nights and weekends in an effort to get things in shape in the quickest time possible. To date we have made excellent strides, taking all factors into consideration. There is still a considerable amount to do, particularly as it pertains to our investigative operations, developing of informants and related matters, in which only time and hard work will solve the problem. Such matters can be given an

added impetus after the holiday season, when all employees are on duty. It is anticipated that this office, except for prior delays in investigation and reporting, will be operating in a satisfactory manner by Feb. 1st. If it were not for the leave situation and the increased case load, such could be accomplished sooner.

This letter is somewhat lengthy, but I did think you wanted to know in some detail as to the exact progress being made and what is left to be done.

May I again thank Mr. Hoover and you from the bottom of my heart for my recent pay grade raise.

With every good wish,,

Sincerely,

Dear Mr. Grapp:

I have reviewed your letter to Mr. Tolson dated November 25, 1958, and the progress you are making in improving the operations of the Oklahoma City Office is indeed gratifying.

It appears that you have overcome one of your most serious obstacles, that of obtaining the confidence and assistance of your subordinate personnel. Without the wholehearted help of all employees your task would be almost insurmountable.

It was a pleasure to afford you the recent promotion as I have been very well pleased with your performance. I am sure you will continue to aggressively handle the situation and bring all operations up to a satisfactory level in the immediate future.

Sincerely yours,

He makes an impressive appearance and, based on visits with [REDACTED] developed by him, it appears that he commands the respect of persons outside the Bureau. He has greatly improved the administrative operations of the Oklahoma City Office, which were in an unsatisfactory condition when he became SAC in September 1958. I want to take this opportunity to commend the Oklahoma City Office for the exceptional work done in connection with the Crimdel Program.

I have been especially pleased with the unusual interest, initiative and resourcefulness displayed by your division which have resulted in the submission of excellent material. This is an extremely important program since it is a means of increasing the general knowledge of nationwide criminal activities and of making available new investigative techniques and procedures to combat these activities. PERSONAL ATTENTION

Mr. Wesley G. Grapp  
Federal Bureau of Investigation  
Oklahoma City, Oklahoma

Dear Mr. Grapp:

The findings of the recent inspection of your office have been evaluated. Although your office has shown improvement since the last inspection, there are several areas wherein the need for improvement is still indicated. The delinquencies found must be corrected.

The physical arrangement of the office is neat and serviceable; however, you must continue your efforts to secure adequate lighting in the large Agents' room. A number of instances where files and serials were not properly charged out were noted and called to your attention. Minor housekeeping delinquencies in some resident agencies were also called to your attention. You must continue to impress on employees of contract storage and repair garages the necessity of requiring proper FBI identification before releasing Bureau cars from their custody. One pair of handcuffs was missing from the vault without a charge-out. You should intensify your efforts to locate the handcuffs and advise the Bureau, with appropriate recommendations for administrative action.

Your office was above the field average in delinquency of pending investigative work, substantive errors, missed fugitive deadlines, and cost of repairs per vehicle. It is noted that you were up in all categories of statistical accomplishments over the fiscal year 1958 except in convictions, in which you were down 24 percent. You must follow these statistical matters closely to insure constant improvement.

Your office was below the field average in number of form errors and misfiled index cards, but the eight substantive errors found indicate that more attention must be given to the accurate handling of these assignments.

**Mr. Wesley G. Grapp**

I am pleased that the production of the Agents and stenographers in your office is above average, and that you have no stenographic delinquency. I noted that the morale appears to be very good and the unselfish manner in which you, the Assistant Special Agent in Charge, and Agent and clerical personnel have contributed unusually high voluntary overtime is commendable. You should be alert for personnel performance worthy of specific commendation.

As of January 27, 1959, your office had four unsolved bank robberies and two unsolved bank burglaries. This is undesirable and you should take aggressive action to improve the results of your investigations in these cases.

Your Criminal Informant Program was rated good and your Security Informant Program was rated excellent. You have excellent coverage on a high level in the Communist Party, which is commendable. Submissions under the CRIMDEL Program have improved in quality and quantity.

A survey of Interstate Transportation of Stolen Motor Vehicle cases revealed a very unfavorable trend except for automobile recoveries, which, for the first six months of fiscal year 1959, were up 31, as compared with the same period of fiscal year 1958. Efforts should be exerted in liaison with local law enforcement agencies to insure that your office receives all possible cases in this category.

The Chief Clerk's Office is well organized; however, improvement must be made in accuracy and efficiency. No files or serials were found missing since the last inspection, but it was noted that 39 serials are still missing. You are instructed to give close supervision to the Chief Clerk's Office, intensify efforts to locate missing serials, and take necessary steps to reduce the heavy backlog of work.

You failed to attain the desired ten percent reduction in communications costs in December, 1958. The importance of economy of operations is of paramount concern, and every effort must be made by you and personnel under your supervision to bring about the desired reductions.

You should take the necessary steps to reduce the Confidential Fund of your office from \$750 to \$500 in view of the average expenditures during the past year.

Mr. Wealey G. Gra

All available personnel passed the Inspector's examinations, but your teletype operators should be afforded additional instruction inasmuch as most of them made a minimum passing grade.

Your third supervisory desk appears to be justified at this time. However, in accordance with Bureau letter to Oklahoma City dated January 19, 1959, you should submit full and complete justification for the continuance of this desk at the expiration of 90 days.

In connection with position classification matters, you should (1) bring the organizational chart for your office up to date immediately following approval or disapproval by the Bureau of your requested position changes; (2) promptly submit the necessary job description of Radio Communications Officer following permanent assignment of new duties; and (3) continue to follow position classification matters closely to insure that all position descriptions are current and accurate. You will be advised by separate communication concerning your requests for an additional stenographer, use of a clerk on Saturday, and use of stenographers as receptionists.

A decline in the number of speeches for 1958 was noted. You should be alert for speeches to representative quality groups and insure that this important phase of Bureau operations receives adequate attention.

Officials contacted by the Inspector expressed a high degree of respect for the Bureau and all commented favorably. You should continue to closely follow the matter of public relations in your office.

Ratings were afforded office functions as follows: Physical Condition and Maintenance and Investigative Operations - good; Administrative Operations, Personnel Matters, and Contacts - very good.

You and the Assistant Special Agent in Charge should closely review the above together with the inspection report and the list of items dated February 9, 1959, left with you by the Inspector, and advise the Bureau in detail as soon as all delinquencies have been corrected.

Sincerely yours,

J. Edgar Hoover

# At 40, Wesley Grapp Is Widely Traveled G-Man Likes Friendly

## Oklahomans

By NED CURRAN  
Tribune Capital Correspondent

OKLAHOMA CITY, Dec. 25—The new head man of the fabled FBI in Oklahoma is a ruggedly handsome Irishman from South Dakota.

And the strangest thing about Wesley Grapp, 40-year-old professional G-Man who hasn't hung his hat in one place for very long since he was a youth, is that he likes his job.

Blue-eyed and black-haired, Grapp says he always wanted to be in the FBI, even when he was a boy, and now wouldn't want to be in any other post.

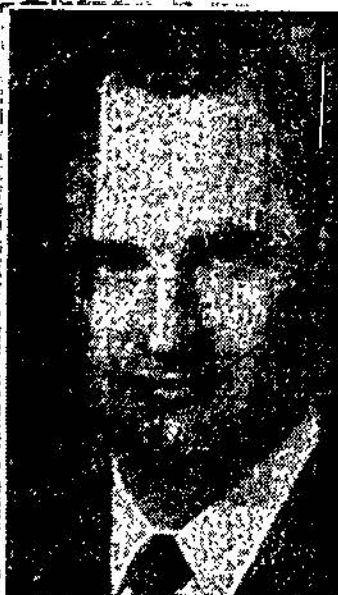

He took over in the bureau's downtown office here last September and is currently making the rounds to get better acquainted with Oklahoma and Oklahomans. His main concern is getting to know state and local law enforcement officials, elected officials and civic leaders.

"Every law-abiding citizen is concerned with law enforcement," says Grapp who looks to be about as solid a law-abiding citizen as there is.

But while there is no specific tenure for agents in one bureau, Grapp has been the FBI's version of a will o' the wisp.

He definitely made up his mind to join the bureau while he was an officer in the Naval Air Transport Service during World War II. The fact that his Navy job took him around the world was about the best training for the bureau he could have had.

Since he joined the FBI in 1946, Grapp has been an agent in nearly every section of the country. He has served on J. Edgar Hoover's Washington, D. C., staff and been assistant agent in charge in Kansas City, Mo., Los Angeles and Oklahoma City—the

WESLEY G. GRAPP

last from April, 1952 to June, 1953.

While he was at Kansas City, Grapp took the original call on the Greenlease kidnap case and worked on it until its conclusion.

Then followed stints as agent in charge of the Richmond, Va., and Buffalo, N. Y., bureaus. The trail finally brought him here for the second time.

To a man born and raised on the bitter cold plains of Aberdeen, S. D., and so widely traveled since, the (predominantly) warm climate of the Southwest and its casual mode of living is the most appealing. Grapp likes Oklahoma for this reason and its people for their friendliness.

THE JOB GRAPP HAS FALL- en heir to is no small one. He is in charge of an office here, head- quarters for Oklahoma, that is surprisingly large and well-staffed.

He also supervises a number of sub-offices throughout the state, also staffed by agents.

The FBI, since the 1920s, has been the chief general law enforcement agency of the federal government. It has jurisdiction over a wide assortment of offenses and is well known for its thoroughness and efficiency in patrolling the nation. It is also well known for the painstaking way it picks its agents.

An example of the range of crimes Grapp and his staff must contend with includes: bank robberies; kidnaping; extortion, interstate or by mail; interstate transportation of stolen cars or of property or of equipment; airline theft; embezzlement by bank workers; white slavery; U.S. election violations; anti-trust actions;

train wrecking; and the internal security of the nation.

The last offense, involving sabotage and espionage, takes up great deal of the bureau's time, but not in Oklahoma. More time is consumed in coastal cities.

Grapp, with the usual bureau reticence, would not say what, if any, crime predominates in Oklahoma.

Grapp is well prepared for his job. He was graduated from the University of North Dakota with a Bachelor of Philosophy degree and later obtained a law degree from Creighton University in Omaha, Neb. He has been admitted to practice in both the federal district and U.S. Supreme Court.

Grapp and his wife, Carolyn, two daughters and baby son live in a modest Oklahoma City home.

SUMMARY

OFFICIALS: Wesley G. Grapp, SAC since 9/21/58 (prior SAC was Carroll Doyle from 2/58 until his resignation was requested 9/2/58. Oliver T. Mansfield has been ASAC since 7/13/58.

LAST INSPECTION: August 6 - August 28, 1958.

EVALUATIONS:(1) PHYSICAL CONDITION AND MAINTENANCE . . . . . GOOD

Space has been rearranged since last inspection and is now neat, well organized and adequate. Minor housekeeping delinquencies found in some Resident Agencies -- corrected. Under system in effect, possibility existed that Bureau cars might be taken from garage by other than authorized Bureau personnel. System corrected. One pair handcuffs missing from vault without charge-out. SAC instructed to intensify efforts to locate and advise Bureau with necessary recommendations for administrative action.

(2) INVESTIGATIVE OPERATIONS . . . . . GOOD

Case load 1072 -- mostly criminal and applicant. Delinquency of 9.1% -- above field average. 15% delinquency exceeded in 5 classifications. Statistics first 7 months fiscal year 1959 reflect down 24% in convictions. Substantive errors (8 in 8 of 1028 files reviewed) slightly above field average. 24 of 147 files reflected missed fugitive deadline or 16.33% compared with field average of 14.57%. Criminal Informant Program rated good and Security Informant Program rated excellent. Current Developments - Criminal Matters (CRIMDEL) and handling of Top Hoodlum Program generally satisfactory.

Memo for Mr. Tolson  
Re: Inspection - Oklahoma City Division

As of 1/27/59, office had total of 4 unsolved bank robberies and 2 unsolved bank burglaries. Emphasis placed on giving these cases close supervision and intensive investigation.

No racial problems or KKK activity.

(3) ADMINISTRATIVE OPERATIONS ..... VERY GOOD

Case load and production per Agent above field average. Stenographic production above field average and no stenographic delinquency. Chief Clerk's Office well organized due to rearrangement resulting from last inspection. Improvement must be made in accuracy and efficiency in handling backlog of work consisting of 15 days and 7 hours. Backlog due to inexperienced personnel and personnel shortage. Situation will be remedied with return of Chief Clerk from extended sick leave and use of clerk on Saturday. Clerks performing voluntary overtime. Desired 10% reduction in communications costs not accomplished in December. SAC instructed to reduce Confidential Fund from \$750 to \$500. Reductions made in cost of vehicle repair but still above field average. Cost per mile to operate cars below field average.

(4) PERSONNEL MATTERS . . . . . VERY GOOD

No administrative action necessary against personnel since Wesley Grapp became SAC. Clerk-Agent ratio below standard ratio of 57%. SAC claims need for additional stenographer. Inspector concurs. Clerk needed in Chief Clerk's Office on Saturday. Third supervisory desk appears justified at this time. Morale very good. Clerks and Agents keenly interested in getting office "in top shape" promptly. Voluntary overtime very high: 3:24 - October; 4:02 - November; 3:38 - December; 4:39 - January. 100% participation in FBI Recreation Association and Charity Fund. Job descriptions of some clerical personnel being revised.

(5) CONTACTS . . . . . VERY GOOD

very good and SAC Grapp has developed  since arrival. Federal, state, and local officials in civilian and law enforcement field expressed high degree of respect for Bureau and all commented favorably.

RECOMMENDATIONS:

1. SAC Wesley G. Grapp, GS-16 at \$14,190, Veteran, Not on Probation. SAC Grapp is a very aggressive individual who can be depended upon to protect the Bureau's interests at all times. He makes an impressive appearance and, based on visits with [redacted] developed by him, he commands the respect of persons outside the Bureau. He has greatly improved the administrative operations of the Oklahoma City Office which were in an unsatisfactory condition when he became SAC in September, 1958. He definitely has well above average abilities as an office administrator, and he is well qualified to handle the Oklahoma City Office. He should be given consideration for assignment to a larger office if such needs arise. He should be continued as SAC. If you approve, attached letter summarizing inspection results should be sent. b7D b7E

*sent 2-27-59 per [unclear]*

2. ASAC Oliver T. Mansfield, GS-14 at \$11,355, Nonveteran, Not on Probation. SAC Grapp rates him satisfactory and states because of newness in the field and because office was operating under unusual conditions, he could not make final decision as to whether Mr. Mansfield has the aptitude for handling an office this size.

Inspector states Mansfield makes a satisfactory appearance. He is extremely conscientious, loyal and performs voluntary overtime without regard to his personal welfare. Due to unsatisfactory manner in which Oklahoma City Office found to be operating shortly after his arrival as first-office ASAC and resulting abnormal conditions existing because of large turnover in personnel, Mansfield has not had opportunity to receive training under ordinary conditions. SAC must of necessity continue to devote much of his time to administrative functions. It is felt that Mr. Mansfield should have opportunity to receive training in preferably smaller office that has operated under more normal circumstances than has the Oklahoma City Office since

Memo for Mr. Tolson  
Re: Inspection - Oklahoma City Division

September, 1958. Substantive write-up made in 4 cases under Mr. Mansfield's supervision; two of these cases handled by relief supervisor in Mansfield's absence. One other case involved delayed investigation occasioned by shortage of personnel. Mansfield personally responsible for one write-up involving his approval of 2 communications in one case which did not set forth armed and dangerous statement re subject as required.

(a) If you approve, attached letter be sent censuring ASAC Mansfield for approving communications which failed to include the required caution statement concerning subject's armed and dangerous tendencies and admonishing him to insist on more thorough supervision of cases by the relief supervisor and the Agents.

Dear Mr. Hoover:

Last Friday, March 27, 1959, I was in the company of a group of highly influential citizens in this state. Among those present were Mr. and Mrs. Preston J. Moore. As you know, he is the National Commander of the American Legion and is a native of Stillwater, Oklahoma.

I thought you would be interested in knowing that Mr. Moore related to some of us present that he was highly pleased and flattered, as were the other national officials of the American Legion, by the fact that you have indicated you will speak before the national convention of the American Legion meeting in Minneapolis this fall. He expressed great admiration for the FBI and for you personally and made various laudatory remarks. He appeared to be extremely pleased that despite your busy schedule and your many responsibilities that you would take the time and make the effort to appear before the American Legion convention again.

Those in attendance at this gathering included educational, judicial, civic and business leaders. A number of those present requested that I convey to you their complete confidence in you and your stewardship of the FBI. They wanted you to know that they were behind you one hundred per cent in this current smear campaign that is without foundation. I have heard similar comments from persons in all walks of life throughout the state.

GRAPP, W. C. & G.

ReOCrad 4-16-59 captioned as above.

As the Bureau is aware, at approximately 12:40 a.m., 1-17-59, an unknown assailant, wearing gloves and a handkerchief as a mask, entered the victim's apartment, where

[REDACTED]  
 SAC GRAPP was advised, and Agents were assigned to conduct extensive investigation, in cooperation with local police, to identify the culprit and assure that justice was done.

Extensive investigation was conducted by Special Agents [REDACTED] and WILLARD BOONE, the latter being a full time supervisor in this office. Agents [REDACTED] and BOONE worked on Saturday and Sunday and throughout several nights interviewing various people in cabarets, night clubs, dance halls, drive in restaurants, etc., to find acquaintances of the prime suspect in this case, who was

[REDACTED] The Agents were extremely thorough, painstaking, paid a great attention to detail and put in a large amount of overtime, in addition to their normal work duties in an endeavor to bring the culprit to justice.

During their extensive investigation they determined

This case has been publicized on the front pages of the local newspapers at various times since the assault. It has received widespread coverage on radio and television. All publicity to date has been highly complimentary towards [redacted] as an FBI employee and towards the FBI. I have heard many commendatory comments made in the immediate past by prominent individuals in the community concerning the fact that an FBI employee and an FBI investigation had convicted the defendant, a leach on society.

It is further recommended that individual letters of commendation be forwarded to SA [redacted] and SA WILLARD BOONE. Both worked long hours above and beyond the requirements of their normal duties. They were extremely painstaking and thorough. They obtained the confidence of various individuals in all walks of life in order to secure pertinent information to place the defendant in two low class cabarets and a drive in restaurant shortly before and shortly after the assault, despite claims by the subject's wife that he was home with her at the time of the assault.

This matter was supervised by SAC GRAPP from its inception, and liaison was maintained on a confidential basis with the appropriate personnel in the County Attorney's office to insure this matter received appropriate attention by the prosecuting authorities and did not end the way the other cases had ended involving the subject, that is, in dismissal of charges.

RECOMMENDATIONS OF INVESTIGATIVE DIVISION HJE:mal 4-20-59

The Investigative Division agrees with the comments of the SAC, Oklahoma City, concerning [redacted] and Special Agents [redacted] and Willard Boone and recommends they be sent letters of commendation. This Division further recommends that SAC Grapp be sent a letter of commendation for his immediate and appropriate attention to this matter when an attack against [redacted] became known and under whose over-all direction the matter was brought to a successful conclusion.

TO : DIRECTOR, FBI

DATE: June 10, 1959

FROM: SAC, OKLAHOMA CITY (66-2146)

SUBJECT: OKLAHOMA CITY DIVISION  
CHARITY CONTRIBUTIONS

Two drives were held in the Oklahoma City Division during Fiscal Year 1959. The United Fund - Red Cross Drive, was held in Oklahoma City and in most cities covered by Resident Agencies, during October, 1958. During this period and shortly thereafter, several Agents of this Division were transferred and some resigned. Upon completion of the drives, however, 100% participation by members of the Oklahoma City Division was accomplished, as follows:

United Fund - Red Cross Drive, Oklahoma City, Oklahoma, \$330 contributed and one confidential contribution.

United Fund - Red Cross or similarly entitled drives in cities covered by Resident Agencies, \$164 contributed.

Federal Service Joint Crusade, held in Oklahoma City only, \$94 contributed.

Total amount contributed, \$588, plus one confidential contribution.

The Agencies covered in the Oklahoma City United Fund - Red Cross Drive are as follows:

American Cancer Society  
American Hearing Society  
American Red Cross  
American Social Hygiene Association  
Arthritis and Rheumatism Foundation  
Boy Scouts of America  
Campfire Girls  
Children's Convalescent Hospital

Mr. Wesley G. Grapp  
Federal Bureau of Investigation  
Oklahoma City, Oklahoma

Dear Mr. Grapp:

I have received your report of the charity campaigns conducted in the Oklahoma City Office during Fiscal Year 1959. It was with pleasure that I observed the 100 per cent participation enjoyed by the personnel of your office.

In these times, it is indeed gratifying to know of such team spirit as that exemplified by our associates in Oklahoma City in their participation in such worthy endeavors. Please extend my personal commendation to each and every one of them.

Sincerely yours,

J. Edgar Hoover

By letter of 3-2-57 captioned "TRANSFER OF W. G. GRAPP," the Bureau was advised that my wife had been operated upon in January, 1957, in Richmond, Va., for major surgery on her left ear. The type of surgery was known as "modified radical mastoidectomy," which also involved "tympano-plasty" on one of her ears. This involved the removal of a growth, caused by infection, behind her eardrum that was pressing on the inner parts of her ear and against her brain. It also involved the removal of diseased bone structure and a skin graft operation on the eardrum. This type of an operation originated in Germany, and relatively recently was brought to this country. The specialist who performed such an operation was the only doctor in that part of the country who could perform such an operation and is one of the relatively few in the nation.

b6  
b7c

Shortly after the operation, and prior to the time the ear was completely healed, I was transferred to Buffalo, N. Y. I had not previously advised the Bureau of her condition. Throughout our stay in the Buffalo area my wife had continuing trouble with the left ear that had been operated upon, as well as the other ear. She suffered from chronic infection of both ears. Information has been received that her condition was aggravated by the cold and damp winter weather of that area. Although under an ear doctor's care a large portion of the time, she was unable to locate a specialist in that part of the country who could successfully treat her.

Since arrival in the Oklahoma City Division my wife has had continuing serious difficulty with both of her ears. A specialist who can perform the above referred to type of surgery was located in Oklahoma City, and he is reported to be the only one in this part of the country specializing in such matters. My wife received major surgery on her right ear on 6-19-59, involving the

above indicated treatment. The doctor advises it will be approximately one year before her right ear is completely cured. This highly specialized surgery and subsequent care can be performed by only a relatively few in the nation, and they are acquainted for the most part with one another. This specialist has stated her ears will always be extremely sensitive, and severe cold and damp weather will aggravate them. Head colds settling in her ears have caused the previous infections and subsequent growths. He recommended a moderate climate, such as the southwestern or western area of the United States, including the west coast, where head colds are relatively few, as such have an adverse effect on her ears.

I continue to be available for whatever assignments the Bureau desires. However, if the needs of the service permit, it is requested that I continue to be assigned to the Oklahoma City Office until such time as my wife's medical treatment is completed.

In view of the relatively short period of time I have been assigned to this division, it is assumed a transfer is not contemplated for the immediate future. It is felt, however, the Bureau would desire to be advised of the above.

Dear Mr. Grapp:

I read your letter of July 21, 1959, and was sorry to learn that your wife is still troubled with problems arising from her ears. It is unfortunate that the initial surgery could not have been completely corrective and I realize the situation which faces you in insuring that she receives competent medical attention.

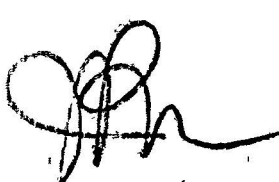

Your advising me as you did in detail concerning this entire matter is appreciated by me and I wish to advise you that no transfer is contemplated for you at this time. At such time as you are considered for transfer, the problem as outlined by you will be taken into consideration.

Sincerely yours,

Reference is made to memorandum earlier today pointing out that SAC Wesley Grapp and a squad of Agents and local law enforcement officers had two bank robbers surrounded in an auto at a point eight miles east of Tulsa, Oklahoma. SAC Grapp called at 9:58 p.m. to report that the two bank robbers had surrendered at approximately 5:30 p.m. Oklahoma City time and have furnished signed confessions admitting the bank robbery. Most of the \$2500 cash loot has been recovered, the subjects having stated that part of the money was lost during their flight while on foot through rural terrain. The subjects will be incarcerated in the Tulsa County Jail, Tulsa, Oklahoma, tonight and will be arraigned before a U. S. Commissioner in Tulsa tomorrow morning.

SAC Grapp furnished the correct names of the subjects as [redacted] and [redacted]. He pointed out that the name [redacted] as previously furnished was incorrect and resulted from an on-the-spot identification of a local officer which later proved to be erroneous.

b6  
b7C

SAC Grapp advised that he was apprised of the bank robbery within a few minutes after its occurrence at 9:30 a.m. this morning. He said he immediately requested aid of the Oklahoma Department of Public Safety resulting in wide coverage by the State Highway Patrol to set up roadblocks in the area. He said the State Highway Patrol eventually used two airplanes in the search for and chase of the bank robbers which developed. He said that after abandoning the stolen car which was used in the getaway the subjects forced their way into a private home in Broken Arrow, Oklahoma, where they held at bay a housewife and her two children. A Broken Arrow policeman in conducting neighborhood investigation to determine their whereabouts called at the home where the subjects were hiding. The subjects

fired at the policeman twice. They then fled on foot to a highway where they held up a passing motorist, [redacted] of Broken Arrow, a white male approximately 20 years of age. Subjects forced [redacted] to drive toward Tulsa, Oklahoma. In an effort to elude roadblocks and airplane pursuit established by the Oklahoma State Highway Patrol, the subjects attempted to make a turn on a back road resulting in their being stuck in a ditch. State Highway patrolmen closed in and at least one shot was fired in the direction of [redacted] auto. Subjects called out to officers that if any further shots were fired they would kill [redacted]. A short time later they called out that they wanted to talk to the head of the FBI or else they would kill [redacted]. Officers informed the subjects that SAC Grapp was enroute to the scene. About ten minutes later subjects again threatened to kill the hostage and the officers pointed out that SAC Grapp should arrive within a few minutes. A few minutes later Grapp and Agents arrived. SAC Grapp thereupon disarmed himself and walked to the auto where he spoke with the subjects through the rear window. He said that during the course of his discussion with the subjects one of them held a .25 caliber pistol on him while the other held a .22 caliber pistol on [redacted]. The subjects demanded an auto and a one mile head start in exchange for the hostage. Grapp said he tried to persuade them that their situation was hopeless and that they should surrender. He said several times they threatened to shoot him. He pointed out that such an act would be utter foolishness on their part. He left the car and conversed with local officers on the scene, then returned to the car and talked to the subjects for another fifteen minutes.

b6  
b7C

SAC Grapp said that the subjects demanded that SAC Grapp order the cordon of approximately 100 officers and Agents to back away from the area and allow them to escape. Grapp said that at no time did he have any intention of backing up or succumbing to the subjects' demands.

During the course of discussion with the subjects one of the local officers on the scene, peering through field glasses about a block away thought he recognized one of the subjects as having previously worked in a gas station. The gas station owner was contacted and identified [redacted] as having been fired by him approximately two weeks ago. From information supplied by the gas station owner both subjects were identified and their relatives were located and brought to the scene. Through persuasion of SAC Grapp and relatives by way of loud speakers one subject agreed to surrender after Grapp assured him that he would not be fired upon and that

b6  
b7C

Memorandum to The Director

Grapp would personally take him into custody. This was done and the first subject to surrender then appealed to the other subject to surrender which was done. The hostage, [redacted] was rescued unharmed. A full statement is being obtained from him. Grapp said the surrender came after 3 1/2 hours from the time the subjects were stopped by the roadblock.

b6  
b7c

SAC Grapp said that great credit has come to the FBI as a result of today's action. He said that state, county and local law enforcement officers all looked to him for leadership. He said that all appeared genuinely gratified at the successful turn of events.

Mr. Grapp also pointed out that in addition to the numerous reporters and photographers on the scene, several television cameramen were on the scene and made telecasts as events transpired. SAC Grapp said that he made on-the-spot statements to reporters in view of the intense coverage afforded by press, radio and television. He said he was invited to appear on television and to talk on radio but he declined to do both.

Based on information furnished by Grapp, letters of appreciation are being sent to the following law enforcement officers for the outstanding contribution and cooperation extended the FBI in the apprehension of the subjects: (1) Commissioner Ray Page, Oklahoma Department of Public Safety, Oklahoma City, Oklahoma, and his men for the effective roadblocks and use of two airplanes in furtherance of subjects' apprehension; (2) Sheriff Dave Faulkner (NA), Tulsa County, Tulsa, Oklahoma, and his men for the use of facilities in furtherance of subjects' apprehension; and (3) Chief of Police Joseph McGuire, Tulsa Police Department, Tulsa, Oklahoma, and his men for general cooperation. He recommended further that a general letter of commendation be forwarded to the Oklahoma City Division for inclusion in the personnel files of appropriate employees in connection with this case.

Based upon information obtained telephonically, the criminal records of these individuals appear to be identical with those attached. Their fingerprints are presently en route to the Bureau.

The above matters will be expedited. It would appear that SAC Grapp exercised real leadership under the most trying of circumstances.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Name Mrs. Cassey K. Grapp Relationship wife Date 10-6-55  
Address Same (Old City)

The following person is designated as my beneficiary under the Chas. S. Ross Fund providing \$1500 death benefit to beneficiary of agents killed in the line of duty.

Name Same as above Relationship wife Date \_\_\_\_\_  
Address \_\_\_\_\_

SUBJECT: IN-SERVICE TRAINING AND  
CONFERENCES FOR  
SPECIAL AGENTS IN CHARGE

*HAWKINS, HENRY D.*

At the present time SAC Hawkins, Houston Office, is scheduled to report to the Seat of Government for two-day conferences beginning 10/26/59. ASAC Calame, Houston Office, is scheduled to report to the Seat of Government for Administrative School of two weeks duration beginning 10/26/59. It is not desirable to have both the SAC and the ASAC away from the Houston Office at the same time and accordingly, it is believed advisable to reschedule SAC Hawkins' conferences for another day.

SAC Grapp, Oklahoma City Office, is presently scheduled for two-day conferences at the Seat of Government on 11/9/59. A check has been made with the Training and Inspection Division and the Crime Records Division and there is no indication of any commitments that would preclude having SAC Grapp report to the Seat of Government on 10/26/59 in lieu of SAC Hawkins and have SAC Hawkins report on 11/9/59. This would permit ASAC Calame to attend the Administrative School and return to Houston prior to the departure of SAC Hawkins.

## RECOMMENDATION

1. It is recommended that SAC Hawkins' two-day conferences presently scheduled for 10/26/59 be cancelled and be rescheduled for 11/9/59.

2. It is recommended that SAC Grapp's two-day conferences presently scheduled for 11/9/59 be cancelled and be rescheduled for 10/26/59. If you agree, appropriate communications to the two SACs are attached. 67-

MEMORANDUM FOR MR. TOLSON

On October 27, 1959, I saw Special Agent in Charge Wesley G. Grapp of the Oklahoma City Field Division. Mr. Grapp makes an excellent personal appearance, and I would consider him above average.

I discussed with Mr. Grapp the fact that the over-all delinquency in three classes of cases exceeded 12% and steps should be taken to correct this.

I told Mr. Grapp I noted that the Agents in the Seattle Office were closing 9.9 cases per Agent per month and an effort should be made to raise that production.

I also discussed with Mr. Grapp the fact that I noted for the first three months of the current fiscal year when compared with a similar period of the previous fiscal year there was a drop in accomplishments of 23% in automobiles recovered, and he should give this very prompt attention.

I discussed with Mr. Grapp the need for increasing the quality of informant coverage in the Oklahoma City Field Division.

I also brought to Mr. Grapp's attention the need for very careful scrutiny of the operations of the Resident Agents in his field division.

I also brought to his attention the fact there were eight unsolved violations of the Bank Robbery Statutes in his field division and steps should be taken to correct this particular situation.

Dear Mr. Hoover:

May I take this means to again thank you for your kind consideration in seeing me last Tuesday. It is realized that you had an extremely busy schedule and it was a sacrifice on your part to take the time. Your comments, observations and instructions will be closely adhered to in minute detail. As always, it was most pleasant and stimulating for me to see you and converse with you.

May I wish for you the health, courage and stamina to continue for many years to come as the Director of the FBI.

## Office Memorandum • UNITED STATES GOVERNMENT

TO : DIRECTOR, FBI (91-11595)

DATE: 1-5-60

FROM: SAC, OKLA. CITY (67-210)

SUBJECT: [redacted] aka; ET AL  
 The Security National Bank of Coweta  
 Coweta, Oklahoma

 BB; Contempt of Court;  
 Material Witness

b6

UNSUBS burglarized above captioned bank the early morning of 11-13-58 and escaped after securing \$381.00. FBI Agents and local law enforcement officers were notified. At the scene of the crime there was a hammer, as well as a pair of tin snips and two punches, along with certain debris created by the removal of brick and mortar in the vault wall. There was a price sticker left on one of the punches. It was traced to a particular lumber company in Tulsa, and subsequently to one of the subjects, [redacted], who purchased same.

b6  
b7C

Through intensive investigation and close cooperation with local authorities, [redacted] and [redacted] were arrested by the Tulsa Police Department and additional tools purchased by [redacted] at the lumber company were found in his possession. Subsequently a confession was obtained from [redacted], and a Federal complaint was filed charging both [redacted] and [redacted] with the burglary. They were released on \$10,000 bond. [redacted] has never admitted his participation. After his release on bond, [redacted] changed his story and denied his participation in the burglary.

b6  
b7C

During the period of time in which [redacted] was talking to FBI Agents he stated that he had loaned his tools to [redacted] and one [redacted] and also subsequently told that [redacted] and one DAVID JORDAN had committed the burglary. [redacted] and JORDAN were identified and located. They refused to make any statements. Their activities were closely watched by local law enforcement agencies because of information furnished by the FBI and their known interest in them. They were surprised by the Tulsa Police Department while committing a local burglary. [redacted] was shot in the legs and JORDAN was killed. [redacted] subsequently was sentenced to the penitentiary on the state burglary charge.

Intensive investigation continued among numerous uncooperative negroes and a number of signed statements were obtained by the Bureau Agents. The U. S. Attorney's office at Muskogee was most reticent in authorizing prosecution and bringing the case to trial. SAC GRAPP went to Muskogee and discussed this matter with the U. S. Attorney's office and it was also discussed with them on numerous occasions by other FBI personnel. The U. S. Attorney's office was reluctant to proceed because of a dearth of legally admissible evidence. When the case was scheduled for trial two of the witnesses disappeared and Federal warrants were issued for them for contempt of court and on the basis of being material witnesses. They were located and reluctantly appeared in court as witnesses. It was necessary to reschedule the trial. The case then came to trial, commencing 11-30-59. It was a lengthy and complicated trial, in which the government used twenty-four witnesses. Three Agents from the FBI Laboratory testified. They are JAY COCHRAN, ROY JEVONS and [redacted]. They testified as to the paint specimens and marks from a screw driver. Vigorous efforts by defense counsel to shake the testimony of SA COCHRAN were unsuccessful. Special Agents assigned to this office who testified were [redacted] DAVID W. BRANTLEY and [redacted]

b6  
b7C

The case was assigned to SA [redacted] from the inception. Special Agents [redacted] and BRANTLEY secured detailed signed statements from witnesses which were used for the purpose of refreshing their memories and inducing them to testify as to the appropriate facts.

The jury convicted subject [redacted] after deliberating less than one hour. The other subjects have pled guilty. [redacted] and [redacted] have pled guilty to charges of contempt of court.

b6  
b7C

I was in Muskogee the day the jury found [redacted] guilty, and shortly after the trial talked to the appropriate personnel of the U. S. Attorney's office and to the Federal Judge, as well as to various other individuals connected with law enforcement. Favorable comments were received from all as to the thorough, detailed and meticulous manner in which this case was investigated from its inception, the way the evidence was collected and the excellent results achieved. AUSA [redacted] who tried this case, was lavish in his praise of the FBI Agents who testified, and he stated they were the best witnesses he had ever seen. He further stated they had done an outstanding job in putting together the evidence in this case. This case

b6  
b7C

OC 67-210

received front page publicity for a number of days, and great credit has come to the Bureau.

This case was supervised from its inception by the SAC.

On 1-4-60 subject [ ] was given an indeterminate sentence under the Federal Youth Correction Act on a charge of bank burglary. The sentence was pronounced by U. S. District Judge EUGENE RICE at Muskogee, Okla. His bond was recalled. The Attorney General is required to submit his recommendation within ninety days as to the length of sentence he recommends, and the Federal Judge has indicated he will follow that recommendation. This concludes the prosecutive action in the instant case.

b6  
b7c

This case has brought great credit to the FBI through the meticulous handling of the meager evidence, gaining the confidence of the witnesses and the excellent testimony given by the participating Agents. It is recommended the Bureau send to this office a letter of commendation for the manner in which the case was handled, and copies will be placed in the personnel files of the appropriate Agents. Such a letter will be taken into consideration in the preparation of the next individual performance ratings.

If I Were 21 Again . . .

# FBI Helps Fill Life With Blessings for Crime-Fighter

(EDITOR'S NOTE: Wesley Grapp, agent in charge of the Oklahoma FBI office since September, 1958, began life in Aberdeen, S. D. He joined the bureau 14 years ago after earning a Creighton University law degree and circling the globe as a World War II navy officer).

By WESLEY GRAPP

Many of us have stated over the years in a light-hearted vein, "Oh, if I were just 21 again, what a change there would be in my life."

But upon "serious reflection" the question arises as to what changes, if any, each of us would make.

For my part, there probably would be a little more emphasis or importance placed on certain aspects of my life at that particular age, but it is doubtful there would be any major changes that are within my power to control.

One of the most important events that helped shape my life as I lead it today transpired 20 years ago when I was 21. I had just completed four years of college and was a freshman in law school.

A representative of the FBI addressed that law school and told of certain employment opportunities for those qualified. He also discussed FBI functions, responsibilities and the type of lives its personnel lead.

I RESOLVED at that time to do the best I could to meet those FBI requirements. Upon graduating from law college and being admitted to practice before the various courts, I joined the navy as World War II was in progress.

Upon being discharged from the navy in 1946, I immediately called the nearest FBI office and applied for employment. After a painstaking investigation, such an appointment was offered me and was immediately accepted with great enthusiasm.

Since that time I have found the work in the FBI to be a most interesting and rewarding career. It is always filled with the unexpected.

IT HAS BEEN my good fortune to have served as numerous field offices throughout the nation and have handled a great variety of cases. Some, of course, have been routine but many others have been exciting and most challenging.

An agent does a lot more than chase criminals. He deals with some pretty delicate matters—cases, for instance, in which a person's loyalty to his country may be the issue. The agent knows the man who is giving him instructions from within the FBI also "went through the mill" before reaching his present position.

He knows that the agent who is working next to him will risk his life to protect him and that the organization is one big team working together, all co-operating to discharge its responsibilities to the people of the nation.

It is also a source of much personal pleasure and pride for me to be associated with, to work for and count as my personal friend, one of the greatest of all living Americans, J. Edgar Hoover, FBI director for over 35 years.

also is my good fortune to be in personal contact with and in the company of Mr. Hoover on various occasions throughout each year.

A career in the FBI presents a never-ending opportunity to combat the enemies of our society. It seems that nearly each day presents many interesting and varied challenges that exceed those of the previous day.

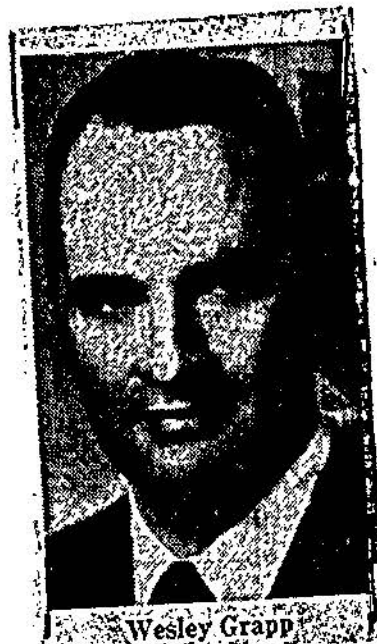

To top it off, it has been a distinct pleasure to work with as fine a group of associates

has ever been assembled in any organization.

I am happy to be counted among those Americans who find in their labor a genuine, healthy pleasure and the satisfaction derived from participation in a most vital job.

Oh, yes! I would again fall in love with the same pretty young girl, and would marry her shortly thereafter and rear a family as we did, which has been a source of great happiness.

That marriage and family life would again be founded upon and anchored to a solid religious foundation. We are fortunate in being able to count as personal friends many individuals throughout the nation who represent an important cross section of America. I would not exchange my life and experiences these past years since reaching 21 with any person in the world. What more can a man ask of life than blessings such as these?

Mr. Wesley G. Grapp  
Federal Bureau of Investigation  
Oklahoma City, Oklahoma

Dear Mr. Grapp:

I have made a thorough study of the results of the recent inspection of the Oklahoma City Office, and, based upon the Inspector's findings, the various phases of operations are rated as follows: administrative operations - good; physical condition and maintenance, investigative operations and personnel matters - very good; and contacts - excellent.

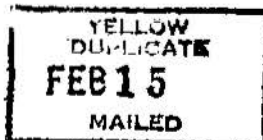

While the space maintained at headquarters city is generally attractive and is considered to be secure, some overcrowding of space exists, particularly that which is occupied by the agents. You have advised that the adequacy-of-space problem will be resolved when the office moves into the new Federal Building scheduled for completion during the Summer of 1961. You should closely follow with the General Services Administration to insure that office space is obtained at the earliest possible date for the Resident Agencies at Clinton and Durant and to secure new space for the Ardmore Resident Agency. Further, you should endeavor to obtain the use of a suitable outdoor firearms range which would be more convenient than the one being presently used by your office.

The costs of operating automotive equipment were found to be down and the maintenance of automobiles was noted to be very good. Every effort should be made to continue these favorable conditions.

Mr. Wesley G. Grupp

I was pleased to note that the statistical accomplishments for the first six months of fiscal year 1960 showed definite increases in three categories when compared to a similar period during fiscal year 1959. The decline in automobiles recovered requires that added emphasis be placed on this phase of your investigative operations to insure that maximum results are obtained. I expect you to take positive and vigorous action to secure the highest degree of accomplishments.

The reduction of the over-all investigative delinquency to 7.5% represents a favorable trend. Carefully follow all investigative matters, particularly those in major classifications, so that all delinquencies will be reduced to the lowest level possible. The number of substantive errors and fugitive deadlines missed pinpoints the need for closer supervision and training of agents to eliminate such deficiencies in the future.

Although there has been an increase in criminal and potential criminal informants and quality information has been obtained, this vital program can be further improved by increasing your informant coverage. See that there is a full participation on the part of all agents assigned to criminal work and that they completely share the responsibility to develop approved criminal informants.

Four violations of the bank robbery statute have been solved since the last inspection and eight cases were pending and unsolved at the end of the inspection. The number of unsolved matters is of concern to me and you must see that greater emphasis is placed on the investigation of these important cases. I expect you to closely supervise all bank robbery violations to make sure they are given vigorous and thorough investigators attention so that successful results will be obtained.

The security informant coverage is considered to be excellent in light of the limited activities of the Communist Party at this time. You should see that all agents are diligent to detect the renewal of any subversive activities within your division by maintaining complete informant coverage.

Mr. Wesley G. Cripp

The rate of productivity of the stenographic pool and agents represents a favorable condition which should be continued. Further, I am very pleased to note the decrease in the costs of travel, per diem and communications. All employees must be constantly aware of the need to keep all costs at the lowest possible level consistent with the effective and efficient operation of the office.

I am concerned with the types of weaknesses noted which affected the operation of the Chief Clerk's Office, such as, using an inexperienced clerk to process new mail, which procedure resulted in delays; the large backlog of pending work being carried over to the next day; and the high percentage of index cards misfiled. While I am cognizant of the backlog which confronted the office due to the extended sick leave of the former Chief Clerk, now on disability retirement, and the number of new clerks assigned to the Chief Clerk's Office, prompt remedial action must be taken by you to improve these clerical operations. You should immediately take the appropriate action to submit your recommendations for the appointment of a new Chief Clerk. Further, you should expedite the training of the newer clerical employees so that maximum efficiency will be obtained and the work will be kept in a current status.

I have been advised of the excellent attitude exhibited by the clerical personnel in endeavoring to reduce the backlog of work in the Chief Clerk's Office under very trying conditions. In this regard, I desire to express my sincere appreciation to the clerical staff, especially to Assistant Chief Clerk [redacted], for the commendable efforts made by them to keep all work current. You should see that these comments are brought to their attention.

Officials contacted by the Inspector indicated that they have a very high regard for the Bureau, you and the personnel of the Oklahoma City Office. It is particularly gratifying to note that you have been alert to maintain public and press relations at a high level and that effective results have been obtained.

**Mr. Wesley G. Grapp**

**You and the Assistant Special Agent in Charge should make a careful study of the findings contained in the inspection memorandum concerning the work papers and the inspection report left with you. These memoranda should be reviewed in detail and the Bureau advised as soon as all of the deficiencies have been corrected.**

**Sincerely yours,**

**John Edgar Hoover  
Director**

INSPECTION - OKLAHOMA CITY  
INSPECTOR W. W. WOOD  
JANUARY 11 - 23, 1960

SYNOPSIS

Officials: Wesley G. Grapp, SAC since 9-21-58; Robert E. Gebhardt, ASAC since 4-6-59 (preceded by ASAC O. T. Mansfield - now ASAC of Albuquerque). Last inspection - January 27 - February 9, 1959.

Physical Condition and Maintenance - Very Good. Space generally attractive and is secure but Agents' space is overcrowded. Approved space in new Federal Building scheduled for summer of 1961. Automotive equipment maintained in good condition - costs down.

Investigative Operations - Very Good. Delinquency in line with field average. Accomplishments up in three categories, down in automobiles (1%). Errors of substance noted were about same as field average. Four cases in bank robbery classification solved - 8 remain pending and unsolved. Criminal informant program - very good and security informant coverage excellent. Submissions re current developments in criminal matters - excellent. No national top hoodlums. Missed deadlines: civil rights matters - none; applicant cases - low; and fugitives - just above field average.

Administrative Matters - Good. Supervision of work equitable. Cases closed and case load per agent above field average. Errors of form and index cards misfiled above field average; errors in registers and #3 Cards low. Steno production high and number of retyped pages low. Costs of operation down. Pending work in Chief Clerk's Office (CCO) carried over to next day averaged 9 1/2 hours per clerk. Need to improve method of processing new mail necessary to help reduce backlog of pending work. Inspector installed procedure to handle this mail by which increased efficiency would result. CCO has been operating under handicaps due to number of new clerks and extended sick leave of Chief Clerk (now on disability retirement). Excellent attitude shown by Clerks in trying to reduce backlog. With the appointment of a Chief Clerk and additional training of new clerks, SAC feels that CCO operations will show improvement.

**Memorandum to Mr. Mohr**  
**Re: Oklahoma City Inspection**

**Personnel Matters - Very Good.** Office exceeded field average for overtime during three months prior to inspection; overtime considered necessary and equitably shared. One agent unavailable and one on limited duty. Three agents transferred in from other offices remain on probation. SAC requested personnel complement of 28 clerks (now 27) and 54 agents (now 51). Inspector recommends 28 clerks and 53 agents as adequate at this time. Clerk-Agent ratio will still be low. (Administrative Division handling personnel requests separately). Morale very good.

**Contacts - Excellent.** SAC well acquainted with the [redacted] he developed b7D  
4. Grapp very alert to maintain press and public relations at high level and is b7E  
obtaining effective results. Police training program considered excellent. Officials met during the inspection expressed very high regard for Bureau, SAC and office personnel.

**RECOMMENDATIONS:** 1. SAC Wesley G. Grapp, GS-16 @ \$14,190, veteran, not on probation. Grapp makes excellent appearance, is energetic, forceful, and exhibits excellent knowledge of Bureau policies and aims. He provides personal leadership; is extremely frank and firm, but definitely fair, in dealing with personnel. Operations of the Oklahoma City Office have improved under Grapp. He is capable of handling greater responsibilities. It is recommended that he be considered for SAC of larger office when need arises. If approved, attached letter summarizing the inspection findings should be forwarded.

2. ASAC Robert E. Gebhardt, GS-14 @ \$11,835, veteran, not on probation. Second office as ASAC. He is tall, well built, neat dresser and makes an excellent appearance. He exhibits a strong desire to advance rapidly and become an SAC. Grapp of opinion, and Inspector concurs, that Gebhardt has potential to develop but needs more experience as ASAC, preferably in larger office before being considered for position of SAC. Gebhardt was responsible for supervision of one case containing two substantive errors (1) failure to incorporate signed statements in report and (2) an incomplete signed statement - - censure recommended. Continue in capacity of ASAC. If approved, attached letter will serve to censure him.

3. Recommendations as to other personnel submitted separately.

Memorandum to Mr. Mohr  
Re: Oklahoma City Inspection

DETAILS

**(1) PHYSICAL CONDITION AND MAINTENANCE . . . . . VERY GOOD**

Office conveniently located; generally attractive and is secure but Agents' space is overcrowded. This condition will be remedied when office moves into approved space in new Federal Building scheduled for summer of 1961. Overall maintenance of space at Headquarters and Resident Agencies (RAs) considered very good; employees appear alert to good housekeeping habits. Office endeavoring to secure office space for RAs at Clinton and Durant; also, to obtain better space at Ardmore.

SAC is continuing efforts to obtain use of an outdoor firearms range which would be more convenient than one now used. Office has not been able to locate blackjack, pair of handcuffs and practice revolver reported to Bureau as missing prior to last inspection. Automotive equipment maintained in very good condition; 23 of 45 automobiles inspected - none had defects affecting safety; delinquencies noted were ordered corrected. Costs of operating automobiles down.

**(2) INVESTIGATIVE OPERATIONS . . . . . VERY GOOD**

Pending cases as of 2/1/60 totaled 1116 (1082 active and 34 inactive); investigative delinquency was 7.5% (field average 7.9%). During the three months prior to inspection delinquency exceeded field - highest being in November, 1959 - 11.3 compared to 7.1 for field). Increases shown in statistical accomplishments for first 6 months fiscal year 1960, compared to same period in 1959, convictions (up 87%); fines, savings and recoveries (up 195%) and fugitives (up 28%); however, slight decrease was shown for automobiles recovered (down 1%).

Four substantive errors found in 3 of 849 files reviewed - 0.35% (field average - 0.34%). Errors involved incomplete signed statement and failure to incorporate signed statements in report; delay in covering fugitive lead and failure to conceal confidential source in report. No deadlines missed in civil rights matters; however, deadlines missed in fugitive cases were 6.36% (field - 5.31%) and in applicant matters 2.98% (field - 4.88%).

Criminal informants (CIs) and potential CIs increased by 6 and 13 respectively since last inspection. Based on increased coverage and worthwhile information being received, informant program considered as very good. From the period of last inspection, office solved 2 bank robberies and 2 bank burglaries; pending unsolved cases include 4 bank robberies, 3 bank burglaries and 1 bank

**Memorandum to Mr. Mohr**  
**Re: Oklahoma City Inspection**

larceny. Submissions re current developments in criminal matters rated excellent. Office has no national top hoodlums under investigation.

Communist Party membership reported as 12; 2 members shown as Smith Act subjects. Informant coverage rated as excellent. Available sources report there are no Klu Klux Klans or hate groups presently organized in Oklahoma; also, no organized activity of Nation of Islam exists at present.

**(3) ADMINISTRATIVE OPERATIONS . . . . . GOOD**

SAC supervises 511 cases (498 active) and ASAC 643 (609 active) - division of work considered equitable. SAC and ASAC providing "on the spot" supervision over important matters. Cases assigned per agent above field average and number of cases closed per agent slightly above field average.

Pending work in Chief Clerk's Office (CCO) carried over to next day averaged 9 1/2 hours per employee. Backlog of pending work partially due to inexperienced clerk (entered on duty - 11/59) processing new mail. Inspector instructed that experienced personnel be used to process such mail which would speed up operation and result in increasing efficiency, also, help reduce backlog of work. CCO has been operating under handicaps due to number of new clerks and extended sick leave of Chief Clerk (now on disability retirement). Clerical force has exhibited excellent attitude in trying to reduce backlog of work. With the appointment of a new Chief Clerk and additional training of new clerks, SAC is confident that CCO operations will show improvement.

Errors of form 7.66% - slightly high; percentage of misfiled index cards - 1.14 - high. Stenographic production was above average for offices of similar size and pages retyped were below average. Review of 724 #3 (Locator) Cards and Daily Reports reflected 23 errors - 3.04% (errors mostly involved faulty arithmetic).

Costs of travel, communications and per diem during first 6 months of current fiscal year were down.

**(4) PERSONNEL MATTERS . . . . . VERY GOOD**

Available personnel passed required examinations. One agent unavailable and one agent on limited duty (status appears justified for present). Three agents transferred in for disciplinary reasons remain on probation. Overtime and overtime patterns considered satisfactory and overtime equitably shared. Office exceeded field average for overtime during 3 months prior to inspection. No agents

**Memorandum to Mr. Mohr**  
**Re: Oklahoma City Inspection**

exceed maximum weight limits at present. Office lagged in meeting Special Agent and clerical quotas; recent improvement shown as 2 applicants have been appointed and 9 are being considered by Bureau. Morale is considered as very good. SAC very firm but fair; personnel respect him as a leader.

As of 2/5/60, clerk-agent ratio was 53% (27 clerks - 51 agents) - low. SAC desires complement of 28 clerks and 54 agents. Inspector concurs as to clerical complement of 28 and, on weighing all phases of the operation, considers 53 agents adequate to meet current needs - 2 additional agents would be for replacements in Resident Agencies (being handled separately by Administrative Division). New ratio will be 52.8% - low.

**(5) CONTACTS . . . . . EXCELLENT**

[redacted] were developed by SAC Grapp; all well known to him personally. SAC has been alert to maintain speech program, press and public relations on high level and effective results have been obtained. Excellent work being done with police training schools. Contacts made with officials during the inspection reflected that the Bureau, SAC and office enjoys an excellent reputation and are highly respected throughout the division.

ReBuairtel 1-11-60 and OClet 1-29-60, both captioned as above.

During the past week efforts have continued in an endeavor to secure qualified Agent material. There is enclosed a self-explanatory article that appeared in the Okla. City Times. This newspaper is published by the Oklahoma Publishing Co., which has the largest publication in the State of Oklahoma. As can be seen from the article, it is very favorable towards the Bureau, and was written to encourage prospective applicants. There have been numerous telephone calls and personal contacts since the appearance of that article on 1-28-60 concerning Bureau employment, but to date none of the persons making inquiry have been qualified and none have, therefore, been formally interviewed.

During the past week there have been no applicants interviewed and none have been recommended. One is scheduled for interview next week.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Name Mrs. Wesley Grapp Relationship Wife Date 2/24/60Address Same as above - Okla. City

TO : DIRECTOR, FBI

DATE: 2-23-60

FROM : SAC, OKLAHOMA CITY (67-210)

SUBJECT: [redacted] aka [redacted]  
Cleo State Bank, Cleo Springs, Okla.  
FDIC #406, 1-11-60  
BANK ROBBERY

b6  
b7C

ReOCTel 2-18-60 captioned as above, reflecting the identification of the above captioned individual as the subject of this matter and related facts.

Immediately upon the robbery of instant bank eight investigative personnel of this office proceeded to the scene and commenced an intensive investigation. Detailed and minute questioning of the four bank employees, plus the six customers who were herded into the vault by the bandit, resulted in a composite description of the bandit being obtained.

Extensive investigation in and about the vicinity of the bank did not reflect anyone who saw the bandit leave, or was a description of his getaway car obtained. During the ensuing days a great number of individuals residing or working within an area of seventy-five miles of the bank were contacted for the identity of any suspect or individual they might know who would fit the general description of the bank bandit. On 2-17-60 a foreman for an oil drilling servicing company, located approximately fifty miles from the bank, stated that he formerly had a truck driver whose description fit the general description of the bank robber.

Investigation was then centered on this individual, named [redacted], as set out in the title. A recent photograph was obtained, and on that date, 2-17-60, was displayed to the witnesses in the bank, who made a tentative identification. [redacted] prior background included an arrest in 1955 for robbery with firearms. Those pertinent records were located, and newspaper clippings of the offense occurring in 1955 were obtained. The newspaper clippings reflected that when [redacted] committed the armed robbery he stated, "This is it." That was the terminology used in instant bank robbery. When [redacted] committed the armed

robbery in 1955 he was bareheaded and wore a sport shirt that was not tucked in the trousers. The same was true of the lone bandit in instant bank robbery. In 1955 in the holdup [redacted] used a .22 caliber pistol, which is the same kind used in instant bank robbery. b6 b7C

With these facts, the Agent to whom the case is assigned, SA William E. Gruber, and SAC Wesley G. Grapp presented the case to the U. S. Attorney, who authorized the filing of a complaint on 2-18-60 and the issuing of a warrant. [redacted] was arrested on that date by just FBI Agents. He was brought to the FBI Office, where for three hours he denied any participation in the violation. After intensive questioning by Agents and the SAC, he reluctantly bit by bit confessed the crime. He was then given a hearing before an U. S. District Judge, acting as Commissioner, which hearing was held in the Judge's Chambers. [redacted] was then returned to the FBI Office, and a detailed written statement was obtained. Subsequently that date the bank employees drove 125 miles to Oklahoma City after the closing of the bank, and picked the subject out of a line-up, making positive identification. b6 b7C

The press release, including pictures, was made in Oklahoma City, as well as in Enid, Oklahoma, nearly simultaneously, the latter city having the public news coverage for Cleo Springs, Oklahoma. There has been extensive publicity by television and by radio, and in addition it made the headlines of various Oklahoma newspapers. Great credit has come to the FBI from the handling of this case.

The case from its inception has been assigned to SA William E. Gruber, and it is recommended that an individual letter of commendation be sent to him for his thorough, meticulous and detailed investigation of this matter, including various interviews of the bank employees, the oil field foreman and scores of other individuals. The case has been under the supervision of the SAC from the inception to the present time, and in addition to the SAC and the ASAC nine other Agents have worked on this case. It is recommended that a general letter of commendation be sent to this office concerning the over-all excellent results that have been achieved in this case due to dedication to duty, long hours expended on the investigation and the intelligent pursuit of the

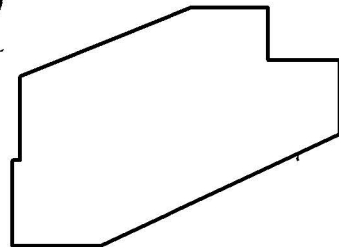

OC 67-210

various leads. A copy of this latter letter will then be placed in the personnel file of each participating Agent.

It is to be noted that the bank robbed is approximately 125 miles from Oklahoma City. The investigation conducted on 2-17-60 and on 2-18-60 reflects investigation at Woodward and Moreland, Okla., a distance of approximately forty to fifty miles from the bank, at Stillwater, Okla., a distance of 140 miles from Woodward and fifty miles from the bank, and the subject was apprehended in Oklahoma City. Despite these distances involved and adverse weather, investigation was promptly and intelligently completed. The FBI had full control of the release of the information to the press and it was appropriately controlled until the most opportune time for release.

Investigative Division Agree with the recommendation  
SAC, Oklahoma City to effect a release of the

Dear Mr. Hoover:

Your testimony concerning the FBI'S 1961 appropriation has recently been received. I have read and reread it, and am awed at the complete, full and detailed knowledge of the many aspects of an administrative nature that you have at your command.

May I extend to you congratulations on such an excellent presentation. Several members of Congress have previously told me that of all the individuals with whom they have come in contact, who appear for appropriation purposes, there is none that equals Mr. Hoover, Director of the FBI. It makes one proud to be associated with such a competent and capable leader. Such an outstanding appearance before the appropriation committee undoubtedly brings great credit to you personally and the FBI, as well as many benefits to those of us who work for you. Hearty congratulations!

Dear Mr. Hoover:

Recent advice has been received from the Bureau to the effect that per diem allowance for all travel within the United States will be at the rate of \$12.00 per day.

On behalf of myself and the other employees of this office may I express appreciation to you for this further liberalizing of benefits accruing to investigative personnel. Without your outstanding ability towards securing adequate appropriations, this and many other benefits presently enjoyed by Bureau personnel would not be possible.

With every good wish,

Sincerely,

Dear Mr. Grapp:

Thank you for your letter of May 17, 1960,  
commenting on the increased per diem allowance for all  
travel within the United States.

While I realize that costs of many things in  
life have risen making this action necessary, all of us must  
continue to practice economy in our day-to-day operation  
and not be lulled into any false sense of easy-going security.  
I am sure I can count on the support of your office in this  
regard.

Sincerely yours,

[redacted] of Senator Butler's Office (R. - Md.) called at 4:15 p.m. today. [redacted] stated that as I knew, he was a former Bureau Agent, that he had always been very loyal and that perhaps he should disregard referring matters of a nature he desired to report to us. However, he wanted to let us know that Senator Butler had received three complaints about the activities of SAC Grapp in Oklahoma City.

[redacted] stated that he had no specifics to offer but that the Senator's Office had received notice that at least three employees had approached the stages of a nervous breakdown because of the Gestapo like technique in which SAC Grapp was handling his responsibilities in Oklahoma City. [redacted] stated he had known Grapp personally while in the FBI and that he, frankly, could not conceive of Grapp being a leader of men.

I told [redacted] this information was not much to go on, that surely he must have some specifics which would allow us to clear this matter up. [redacted] reiterated he had no specifics whatsoever but that he thought we should know about the above-mentioned complaints.

I asked him if he would reveal the names of the complainants. He said he could not do this but that he thought an inspection of the Oklahoma City Office would clearly reveal the irregularities the complainants spoke of.

Although I tried to get information out of [redacted] he was adamant in his position in that he stated he had no further facts.

## ACTION:

That this matter be referred to the Administrative Division for immediate consideration. The last inspection of the Oklahoma City Division was January 11-23, 1960.

ADDENDUM OF ADMINISTRATIVE DIVISION JIC:pmg 5-6-60:

In connection with his submission of 1960 annual performance rating reports, SAC Grapp commented critically regarding three Oklahoma City agents.

SA JOHN E. FOLEY. Foley had been transferred from the Investigative Division to Oklahoma City in November, 1958, as a result of a marital dispute involving various charges and countercharges by SA Foley and [redacted]. Because of the resulting embarrassment it was considered in the Bureau's best interests to transfer him. In the Fall of 1959, Foley was hospitalized for extreme nervousness, mental anxiety and high blood pressure and although nothing organically was found wrong with him he is continuing to receive medical treatment and has been on limited duty since 11-3-59. His physical examination on 3-8-60 indicated that he continued to suffer from arterial hypertension and he was continued on limited duty. SAC Grapp rated Foley Satisfactory, stating that he needed more supervision than an agent of his experience should require. The SAC commented that Foley was working hard, attempting to again familiarize himself with the variety of cases he must handle in a small office. Foley was aware of the shortcomings in his work performance and these added to the anxiety which had resulted from his family troubles. SAC Grapp felt that Foley was not being utilized to maximum advantage in Oklahoma City and suggested the Bureau transfer him to a larger office. On 4-28-60 SA Foley was censured, placed on probation for the delinquencies in his work performance and by letter of 5-2-60 SAC Grapp was instructed to suggest to SA Foley that he apply for disability retirement and if he refused to do so the Bureau would initiate such action. b6 b7C

[redacted] called at the Bureau on 5-5-60 and Mr. Callahan interviewed her. This is being made the subject of a separate memorandum. [redacted] resides in Bethesda, Maryland, indicated that she had contacted [redacted] in behalf of [redacted] and it is quite probable that she also contacted Senator Butler's office which precipitated [redacted] call to Mr. DeLoach. b6 b7C

SA [redacted]. During the Oklahoma City inspection in January, 1960, SAC Grapp rated SA [redacted] Satisfactory and commented that he made an average appearance, had an average personality and required at least an average amount of supervision. In his 1960 annual performance rating report [redacted] was again rated Satisfactory and commented that he required more supervision than an agent of his experience should need and this was attributed partially to his lack of thoroughness, his carelessness and lack of attention to detail. SA [redacted] weight was above the desirable range and since his weight had recently increased, SAC Grapp concluded that [redacted] apparently was not sympathetic to the Bureau's weight program. On 4-26-60 SA [redacted] was censured, placed on probation and ordered under transfer to Cleveland. b6 b7C

SA [ ] During the January, 1960, inspection of the Oklahoma City Office SAC Grapp rated SA [ ] Satisfactory and commented that he did not have an unusual aptitude for handling paper work. In his 1960 annual performance rating report SAC Grapp rated SA [ ] Satisfactory and again commented that he did not have an unusual aptitude for paper work. The SAC stated that [ ] makes a satisfactory personal appearance, displays an excellent attitude, is enthusiastic about his work but during the rating period had been charged with various shortcomings in the administrative phases of his work. According to the SAC, [ ] was trying to improve his performance but was having difficulty learning the many duties and applicable rules in the various types of cases which must be handled by an agent in a small office. SAC Grapp recommended that the Bureau consider transferring SA [ ] to a larger office. On 4-28-60 SA [ ] was censured and told it would be necessary for him to bring about an improvement in his work. SAC Grapp <sup>was</sup> advised that SA [ ] would not be transferred from Oklahoma City but that it would be necessary for him to work out his problems and overcome his deficiencies there. The SAC was instructed to submit a special performance rating report after 90 days with any recommendations deemed advisable at that time. b6 b7C

In addition to the above three recent disciplinary matters in Oklahoma City, disciplinary action was also taken against SA Robert D. Oswald on 9-23-59 as the result of a special performance rating report submitted by SAC Grapp at that time. SA Oswald was rated Satisfactory but was marked as unsatisfactory in the elements of attitude, accuracy and reporting ability. SAC Grapp also advised the Bureau that an instance had recently come to light in which Oswald had delayed unduly in obtaining a prosecutive opinion regarding a subject who was in local custody and when the SAC questioned SA Oswald about this he initially claimed that the U.S. Attorney's office had been closed over a weekend and the whereabouts of the U.S. Attorney was unknown to the agent. Oswald subsequently admitted that he did know the location of the U.S. Attorney and in the past had contacted that official on weekends but had made no effort to do so in instant case. SA Oswald was censured, placed on probation, suspended for 10 days and ordered under transfer to Pittsburgh where he reported on 10-11-59 and is presently assigned.

Former SA [ ] resigned from the Bureau on 3-3-60 rather than submit to questioning about his handling of a Theft from Interstate Shipment case. The case had been assigned to SA [ ] on 1-16-60 and [ ] dictated a letter to another division on 1-25-60. Subsequent to transcription of this letter a partial erasure and retyping were discovered indicating that the complaint form had been altered to show receipt of the complaint on 1-25-60 rather than on 1-15-60. Bureau rules require that cases in this category must be handled immediately and the only apparent reason for the alteration of the complaint form would be to show compliance with this regulation by SA [ ] had previously been censured, placed on probation, suspended for 30 days and transferred from Washington Field Office to Oklahoma City in June 1959, b6 b7C

because of his highly questionable attitude in responding to an official inquiry of his supervisor.

In view of [ ] refusal to identify the three agents concerning whom he claimed Senator Butler had received complaints, it is recommended that no further action be taken.

Dear Mr. Grapp:

I am writing at this time to express my sincere appreciation and gratitude for the 100% participation of our associates in the Oklahoma City Office in connection with the 1960 Charity Fund campaigns.

It is a pleasure to know that such fine team spirit exists among personnel in your office. Please convey my personal commendation to members of your staff.

I am also gratified to learn of the special recognition earned by your office with regard to the Federal Service Joint Crusade campaign.

RECORDED  
Sincerely yours,

J. Edgar Hoover

(with copy of incoming)

JRC NOTE: Oklahoma City Office contributed \$397.00 (plus one confidential contribution) to the United Campaign, \$210.00 to similar campaigns by Resident Agencies, and \$31.50 to Federal Service Joint Crusade for a total of \$638.50 (plus one confidential contribution) and a 100% personnel participation. This office also exceeded its dollar contributions by 23% over 1958. They also received a letter and certificate of Appreciation from Federal Service Joint Crusade for their outstanding support in that campaign.

On May 8, 1960, at 2:30 a.m., an unknown caller telephoned this office and threatened to assassinate the SAC, WESLEY GRAPP. The call was received by the Night Security Patrol Clerk. The following statement was made in a very slow and deliberate manner by what sounded like a negro male voice, "The Communist Party wants WESLEY GRAPP, Special Agent in Charge, to get out of Oklahoma City within ten days or he and his family will be killed. This is no joke." He then hung up before he could be questioned further. Later the same morning approximately five other calls were received from what appeared to be the same individual, between 4:00 a.m. and 5:00 a.m. These additional calls included repeated threats to injure the members of "WESLEY GRAPP'S staff and blow up the First National Building," where the FBI office is housed. The latter statements were made in a partially incoherent manner, and the caller during the last calls gave evidence that he had been drinking or was under the influence of narcotics. The caller refused to permit the night clerk to interrupt him or ask him any questions, and he terminated each call within a matter of several minutes.

This office has excellent informant coverage in the Communist Party, and there is no such sentiment from that group. It would appear this is a hoax call. I have no known enemies who would desire harm to befall me, my family or the employees of this office. It is theoretically possible that someone has been investigated by the FBI, is unhappy over the results, possibly desires revenge against me as the Agent in Charge and/or the other employees and has attempted to use the Communist Party as the scapegoat should later developments transpire. This appears highly unlikely.

I have alerted the staff concerning such threats. In addition, the building management has been confidentially advised who in turn is alerting the night watchmen. Further, informants among

the negro elements are being discreetly contacted as to the possible identity of the caller. Also, the informants in the Communist Party are being alerted.

The above referred to calls were local in nature. Because of the short duration of the telephone calls and the automatic dialing equipment, it is not possible to trace the calls.

If harm were to befall my family, it would most likely occur under cover of darkness. I am arranging my work so that during the next few weeks I will be home during hours of darkness as much as possible. In the event there are unwelcome visitors to my residence attempting to cause trouble, efforts will be made to see that they are handled in an appropriate manner.

NOTE: On 5/8/60 commencing at 2:30 a.m. Oklahoma City Office received  
several phone calls from an unknown individual who said, "The Communist  
Party wants Wesley Grapp, Special Agent in Charge, to get out of  
Oklahoma City within 10 days or he and his family will be killed. This  
is no joke." Additional calls from same individual included threats  
to injure members of Grapp's staff and blow up the building where  
FBI Office is housed. Grapp has alerted appropriate informants and  
has alerted staff and is taking precautions to protect his family.

Dear Mr. Hoover:

When I return to Washington I always look forward to seeing you. A meeting with you is always informative, as well as inspirational, and I am sorry that such was not possible on this last occasion.

It was most considerate of you to write as you did in your note of June 22nd, and I am looking forward to meeting you again in the not too distant future.

With every good wish,

Sincerely,

## Memorandum

TO : DIRECTOR, FBI  
F. W. W.  
ERROR LETTER SENT *ajp 6-30-60*  
FROM : SAC, OKLA. CITY  
SUBJECT: WESLEY G. GRAPP  
SAC

DATE: JUNE 28, 1960  
*Mr. Tavel*  
*5*

ReOClet July 21, 1959, which set out in detail the fact Mrs. GRAPP has been bothered for many years with ear trouble. The letter reflects that in January, 1957, while in Richmond, Va., she received major surgery on her left ear. Shortly thereafter, and prior to the time the ear was completely healed, we moved to Buffalo, N. Y. Throughout our stay in the extremely cold and windy climate of Buffalo she continued to have trouble with the same ear. She has suffered from chronic infection of both ears for many years, and this was aggravated by the cold and damp winter weather of that area. She received major surgery on her right ear on June 19, 1959, which is slightly more than a year ago, and that ear is completely cured.

I thought the Bureau would be interested in knowing of her current condition. She again received surgery on her left ear, which was previously operated upon in Richmond in January, 1957, and never healed. The latest operation was on May 26, 1960. She is presently under a doctor's care, and the exact date this ear will be completely cured is not presently known, but it is anticipated that it will be less than a year. Also, at the present time Mrs. GRAPP is pregnant, and is expecting about October 1, 1960.

I continue to be available for whatever assignments the Bureau desires. In view of the fact that I have been assigned to this division less than two years, it is assumed that a transfer is not contemplated at this time. It is felt, however, the Bureau would desire to be kept currently advised of my wife's physical condition.

Mr. Wesley G. Grapp  
Federal Bureau of Investigation  
Oklahoma City, Oklahoma

Dear Mr. Grapp:

I am writing to commend you and,  
through you, the Special Agents of the Oklahoma  
City Division who did such excellent work in the  
investigation of the Bank Robbery case involving  
[redacted]

b6  
b7C

This case was handled with diligence,  
skill and thoroughness by these agents. They demon-  
strated exemplary diplomacy and persuasiveness in  
obtaining from individuals connected with the subject  
information vital to their investigation. In addition,  
they conducted themselves in a creditable manner at  
the subject's trial. I want you to convey to the men  
who took part in this matter my appreciation for their  
fine work.

Sincerely yours,

1 SAC, Oklahoma City (Edgar Hoover)

## Memorandum

TO : DIRECTOR, FBI

(91-11823)

DATE: 6-28-60

FROM : SAC, OKLA. CITY

(91-1463)

SUBJECT: [REDACTED], aka

Alaska National Bank of Fairbanks,  
 Airport Road Branch, Fairbanks, Alaska,  
 1-12-59;  
 BANK ROBBERY. *Wiley b Crown*

b6  
b7C

As the Bureau is aware, the subject was recently tried at Fairbanks, Alaska, for the above captioned crime. He was found guilty on all three counts. Information has been received that three Agents from this division, who testified at the trial, made a most material contribution to the successful conclusion of this case and without their excellent services in all probability the subject would not have been found guilty.

The subject allegedly robbed the above captioned bank and ultimately arrived in Tulsa, Okla., where he was staying with relatives. On 1-22-59 the subject was interviewed in great detail by Special Agents [REDACTED], HENRY L. McCONNELL and JOE M. PEARSON with the view towards developing legally admissible evidence in this case. The subject was uncooperative and hostile to the Bureau Agents. The confidence of subject's brother-in-law, [REDACTED], was secured, and he permitted a search of the personal effects in his possession belonging to [REDACTED]. This cooperation ultimately resulted in the location of part of the bank robbery loot. The subject's mother was contacted at about the same time by Bureau Agents, and her cooperation and assistance were secured, including a voluntary search, which also led to the ultimate location of some of the bank robbery loot. There were other items and bits of information secured from the relatives that were used in the interview of [REDACTED] that pointed up discrepancies in his alibi.

This case was unusually trying and difficult because of the time element and distances involved. Certain pertinent data was solicited from the Anchorage Division, including how the money was packaged, the angle of the paper clips used by the bank on some of the bank robbery loot, wrappings, etc. As reflected above, [ ] was uncooperative. The U. S. Attorney for Alaska, GEORGE M. YEAGER, stated on 6-12-60 that the work of the Agents "made" the case for the government. b6 b7C

On an over-all basis the handling of the case in this division is characterized by thoroughness and attention to detail, plus diplomacy and tact in the handling of the subject's relatives in order to secure their cooperation. The case was under the personal supervision of SAC WESLEY G. GRAPP from the time of its inception. It is recommended that a general letter of appreciation be sent to this office, so that copies may be placed in the appropriate personnel files of the Agents referred to above.

RE: SA

*Wesley G. Grapp*  
(Type or print plainly)

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director on pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary, the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Name <i>CAROLYN K. GRAPP</i>	Relationship <i>WIFE</i>	Date <i>8-18-60</i>
Address <i>46 FBI, Okla. City</i>		

The following person is designated as my beneficiary under the Chas. S. Ross Fund providing \$1500 death benefit to beneficiary of agents killed in the line of duty, other than travel accidents.

Name <i>CAROLYN K. GRAPP</i>	Relationship <i>WIFE</i>	Date <i>8-18-60</i>
Address <i>46 FBI, Okla. City</i>		

Very truly yours,

*Wesley G. Grapp*

SUBJECT: WESLEY G. GRAPP  
 Special Agent in Charge  
 Oklahoma City Office  
 Veteran  
 EOD 11-4-46  
 GS-16, \$15,515

The following is a brief summary concerning SAC Grapp.

Mr. Grapp entered on duty as a Special Agent on 11-4-46 and has been assigned to the Los Angeles and San Francisco Offices, and the Investigative Division. He served as ASAC in the Oklahoma City, Kansas City and Los Angeles Offices. He then served as SAC in the Buffalo Office from 3-28-57, until such time he was transferred as SAC to the Oklahoma City Office on 9-21-58 where he is presently assigned. He is in Grade GS-16, having been promoted to that grade on 11-19-58. He is married, has 4 children, and is 42 years of age. He was rated EXCELLENT on his 1960 Annual Performance Report. It is noted he also served as SAC in the Richmond Office from 2-23-56 to 3-28-57.

During the last inspection of the Oklahoma City Office in January, 1960, Inspector W.W. Wood stated he made an excellent appearance, was energetic, forceful, exhibited excellent knowledge of Bureau policies and aims, provided personal leadership, was extremely frank and firm, but definitely fair, in dealing with personnel. The operations of the office had improved under him, and he was capable of handling responsibilities. It was recommended he be considered for SAC of a larger office when the need arose. The various functions of the Office were rated as follows:

PHYSICAL CONDITION AND MAINTENANCE.....	VERY GOOD
INVESTIGATIVE OPERATIONS.....	VERY GOOD
ADMINISTRATIVE MATTERS.....	GOOD
PERSONNEL MATTERS.....	VERY GOOD
CONTACTS.....	EXCELLENT

b6

During the last year, he was COMMENDED on 4 occasions, and through him the personnel of his office, the last being on 7-7-60 for the excellent work done in the investigation of the Bank Robbery case involving [redacted] which case was handled with diligence, skill and thoroughness. By letter dated 2-4-60 he was CONGRATULATED on his article entitled "If I Were 21 Again...FBI Helps Fill Life With Blessing for Crime-Fighter," which appeared in the 1-28-60 issue of the "Oklahoma City Times." By letter dated 5-26-60 APPRECIATION was expressed for the 100% participa-

tion of his associates in the Oklahoma City Office in connection with the 1960 Charity Fund campaigns. He was not CENSURED during that period.

The Director last saw him on 10-27-59 at which time he discussed various functions of his office with him and stated he made an excellent personal appearance and the Director would consider him above average. It is noted he was in Washington, D. C., in June, 1960; however, the Director was unable to see him due to his absence from the city.

His daily average overtime for the last 6 months has been approximately 2 hours 39 minutes per day. He exceeded the office average 2 of the past 6 months.

As of January, 1960, he listed no offices of preference.

According to the latest information available his weight is within the desirable limits.

A congratulatory letter was directed to him on 9-20-60 concerning the birth of his 4th child, a son.

In a letter dated 9-13-60 to Mr. Grapp the Director expressed his appreciation for his expressions of confidence which he had received in Mr. Grapp's letter of 9-2-60 concerning the bill passed by Congress making available generous retirement benefits for the Director.

It is noted that his wife has had serious difficulty with both of her ears. She underwent surgery in 1957 for removal of a growth and diseased bone structure in the vicinity of one of her ears and has also had similar trouble with the other ear. Her doctor has recommended she avoid severe cold and damp weather because of this condition. The latest information reflected in Mr. Grapp's file concerning this matter is dated 6-28-60 when he advised his wife was still under a doctor's care, had undergone additional surgery on 5-26-60 and it was expected the ear would be completely cured in less than a year. Mr. Grapp stated he continued to be available for whatever assignments the Bureau desired.

I am taking this opportunity to commend you and, through you, the agents of the Oklahoma City Office who performed in such a capable manner in the investigations of two Bank Robbery cases involving

[redacted] and [redacted]

b6  
b7C

The success achieved in the identification of the subjects as the perpetrators of both robberies can be ascribed in no small degree to the unusually alert, skillful and resourceful fashion in which these men carried out their assignments and to your aggressive and intelligent direction. The prestige of the FBI has certainly been enhanced by the splendid results achieved in these cases and you and your associates should be very proud of your efforts. I want to thank all of you for the high caliber of your services.
